- (3) Any proposed disruption to neighboring street access, surrounding parking areas, or the normal flow of traffic within the rights of way of Northern Drive, Magnolia Drive, 10<sup>th</sup> Street, or any other right-of-way during the construction of the Site shall be subject to the review and approval of the Community Development Director and any of the agencies responsible for maintaining these roadways. Should any disruption to the normal flow of traffic occur

- (4) All landscaping shown on the approved Site Plan and the Landscaping Plan shall be continuously maintained from the date of its installation and the issuance of the Certificate of Occupancy by the Town. The Owner shall replace any and all dead or dying landscaping materials so as to maintain the quantity and quality of the landscaping shown on the approved Site Plan and Landscaping Plan.
- (5) The Owner shall ensure that all contractors use best management practices to reduce airborne dust and particulates during the construction of the Site.
- (6) All onsite dumpsters and dumpster screening shall be kept closed at all times. Owner is not responsible for waste haulers leaving doors open temporarily on pick-up day. All required dumpsters shall be acquired from the approved franchise supplier for the Town.
- (7) Prior to issuance of the Certificate of Occupancy, the Applicant shall provide certification from the Landscape Architect of record that the plant installations for the Project are in accordance with the approved Site Plan (and any minor modifications that are approved through permitting) and the Landscaping Plan or are deemed to be equivalent by the Town's Landscape Architect.
- (8) Prior to the issuance of any construction permits, the Applicant shall submit copies of all permits that are required by other agencies and have been obtained from those agencies, including but not limited to the Palm Beach County Health Department, Palm Beach County Land Development Division, South Florida Water Management District and the State of Florida Department of Environmental Protection, as applicable.
- (9) Any revisions to the approved Site Plan, or any approved plans associated with the Project, shall be submitted to the Department of Community Development (Department), and shall be subject to its review and approval. The Department shall determine whether or not the changes are material enough to require further review by the Town Commission.

- (12) Prior to the issuance of a Certificate of Occupancy or Completion, the Owner shall install High-definition surveillance cameras, which capture clear facial features throughout the parking areas of the Project and along the exterior façades of the buildings on the Site.
