

Voluntary Pre-Bid Conference Minutes

Town of Lake Park, Florida

Bid 109-2017

Lake Park Harbor Marina

Boat Lift Installation (Design Build)

Tuesday, July 18, 2017 at 11:00 a.m.

105 Lake Shore Drive, Lake Park, FL 33403

The voluntary pre-bid meeting for bid 109-2017 Lake Park Harbor Marina Boat Lift Installation (Design Build) was conducted on Tuesday, July 18, 2017 at 11:00 a.m. Present were Project Manager Richard Pittman, Marina Director Salvatore "Ted" Schiafone, and Town Clerk Vivian Mendez. In attendance was Veronica Arteaga representing One Call Property Services.

Project Manager Pittman explained the scope of work for this project (see attached). He described the specifications for the electrical, the pilings, and five boatlifts each capable of lifting a 16,000 lb. boat. He pointed out that the three (3) electrical pedestals would need modifications to supply power to the slip. Project Manager Pittman explained that the plans also require an upgrade to the electrical breakers. This project was bid once before and the bid submittal was over budget. The previous bid was between \$132,000 and \$137,000.

There were no questions regarding the project at this time. Project Manager Pittman thanked everyone for attending.

ADJOURNMENT:

The voluntary pre-bid meeting adjourned at 11:06 a.m.

Town Clerk Vivian Mendez
