**Re: Budget Transmittal Letter**

Dear Mayor Michael O'Rourke, Vice Mayor Kim Glas-Castro, and Members of the Town Commission and the Residents of Lake Park:

[The Budget Transmittal Letter Highlights the Operating and Enterprise Budgets Changes for the 2022-2023 Fiscal Year.](#)

**Budget Process:**

The budget process began with the submittal of department initiatives on May 5, 2022. Budget initiatives may result in budget increases if incorporated into the operating budget. The budget initiatives originate with Department Directors and provide a snapshot of what each department requires in order to increase or enhance program and department services for the upcoming fiscal year. Budget initiatives are important to Department Directors because they need additional resources to manage their departments properly.

The operating budget for the 2022-2023 fiscal year is balanced. The millage rate has remained at 5.3474 for the past seven years. The Fire MSTU remains at 3.4581. The total millage rate is 8.8055, which is always subject to change by a vote of the Town Commission. The State has capped the millage rate at \$10.00 per \$1,000. The millage rate for Fiscal 2022-2023 will raise \$4,609,848 in budget revenue. The increase in budget revenue is due to the rise in property values. Property value increases will increase \$428,309 in new property value revenue to support a budget of more than \$11,552,824. The total revenue of \$11,552,824, which is a difference of \$6,942,976, comes from other revenue sources outside of the millage rate. Those budget revenue sources are essential to balance revenues to expenditures.

Rather than focus on budget numbers, the budget message will focus on what residents can look forward to in this year's budget cycle regarding programs, services, infrastructure, and budget highlights. The budget is subject to change and is a fluid planning document of priorities the Town hopes to achieve between October 1, 2022 and September 31, 2023.

The financial outlook for the Town remains steady. We continue to provide myriad public services to our residents. Young families, seeing a desirable, affordable community that is on the move, are increasingly choosing to make their home in Lake Park. Lake Park remains an eco-friendly municipality with the Town Commission's commitment to providing green infrastructure solutions from bioswales to rain barrels and rain gardens in order to counter the increasing threat of sea level rise. The latest green infrastructure project completed last Fiscal Year was recognized as one of the most innovative design projects in the State of Florida. Although awarded in Fiscal Year 2021-2022, the Town received over \$11 million in grant funding to complete a three-phase green infrastructure drainage project known as the Southern Outfall Priority Rehabilitation Project. The three phases incorporate bioswales on 10<sup>th</sup> Street, underground filtration chambers at Bert Bostrom Park, and a second bioswale off Lake Shore Drive by the Lake Park Harbor Marina. The Southern Outfall drains 446 acres, representing approximately one-third of the Town's total area.

Lake Park is a walkable, bikeable community in which sidewalks connect residents to the Town. Wide streets allow Lake Park to develop and implement a mobility plan and fee structure (paid by developers) to move residents throughout Lake Park using micro-mobility transportation options. The Lake Park Mobility Plan (the Mobility Plan) will directly serve development projects that pay the fee. The Mobility Plan also directly benefits residents through street and sidewalk improvements, new roads, and the implementation of alternative means of transportation options for Lake Park residents. The Mobility Plan will emphasize non-car-centric modes of transportation. We must provide families with the services they desire to remain a livable community. Our vision resonates with young families and is evident in the number of young families moving into the Town of Lake Park.

Nautilus 220 has broken ground, and vertical construction has commenced, with a scheduled completion date of the fourth quarter of 2024. In addition to Nautilus 220, the Town has permitted approximately 700,000 square feet of office warehouse development projects in our industrial park area. Over the next two fiscal years, the staff plans to permit 1,300 housing units in the downtown area. We recently received an unsolicited proposal for a train station project requiring staff to evaluate the proposal for development purposes. We expect to apply for Transit Oriented Development Funds to help offset transit expenditures, such as creating a third track for a train station. Such development projects will diversify our tax base and increase revenue at a time critical to our community's financial future.

### **HOMESTEAD EXEMPTION:**

The Millage essential will remain at 5.3474. This rate has remained steady for at least the past seven fiscal years. The increased property tax bills resulted from increased property values, not the millage tax rate. However the rise in property values under the Homestead exemption for homestead properties is capped at 3% or less regardless of the total increase in property values. Due to the significant increase in property values this fiscal year, the Property Appraiser believes the total increase of 3% Homestead exempted properties will be realized this fiscal year. Once again, the most significant increase in property values will be within the CRA boundaries of the Town. Commercial property owners are not eligible for Homestead exemptions. The millage rate for all property in the Town of Lake Park raised \$4,609,848 in revenue for the Town of Lake Park

### **WHAT THE BUDGET WILL PROVIDE TO RESIDENTS AND BUSINESSES:**

#### **CAPITAL PROJECTS:**

- The Town received a grant for \$11,067,635.00 in the previous Fiscal Year to complete the Southern Outfall Priority Drainage Project. We plan to sign the grant agreement with the Florida Department of Economic Opportunity (funding source) just before the beginning of the new Fiscal Year. The Town has four years to complete the project. The project, as stated earlier, will address drainage from 10<sup>th</sup> Street to the Lake Park Harbor Marina. When completed, the properties south of Park Avenue will realize an immediate impact on drainage. The project will also require the installation of filtration chambers under Bert Bostrom Park to slow drainage and mitigate discharge through the system to a second bioswale at the Marina. We expect construction to start in the 2022-2023 Fiscal Year. The project will drain 446 acres or nearly 50% of the 928 total watershed acres. The grant includes \$400,000 for the Southern Outfall (south of Park Avenue) pipe relining. In addition, the Stormwater budget will fund \$367,000 for pipe relining repair work to the northern area of the Town. The total funding for pipe relining is \$767,000.
- The Streets and Roads budget will appropriate \$400,000 for sidewalk and road repair work. Funding will come from the One Cent Sales Tax revenue voted by the Palm Beach County Referendum Question on infrastructure repair throughout County. The Town's share of Once Cent Sales Tax revenue is estimated to be \$700,000 for the 2022-2023 Fiscal Year.
- The Town has received grant funding from the State of Florida, Department of State, Division of Historical Resources Grant for \$325,000 to replace the Town Hall roof and waterproof and paint the entire building. The Town will match the grant at 50% (\$325,000) from One Cent Sales Tax Revenue.
- Roof replacement for the Pro Shop at Lake Shore Park, the Lake Park Public Library roof, and the Historic Town Hall roof (stated above). The total estimate for the Pro Shop roof and the Library roof is \$80,000.
- The Town budget will fund \$200,000 for the Town's Centennial activities.

- The Town will spend \$300,000 to update the Town Code.
- The Town budget will invest \$163,106 to hire one additional Palm Beach County Deputy. The cost includes a fully equipped deputy, vehicle and benefits.
- The Town received a grant from the CDBG Block Grant Program to fund the replacement of Ilex Park playground equipment.
- The Town budget appropriates \$10,000 for local grants to residents and non-profits in Lake Park.
- The budget funds the JETSET Soccer program for \$15,000 through the Special Events Department.
- The Town budget plans to appropriate \$308,969 for Tyler Technologies. As a result, for the first time, the Town will have one central platform for all financial operations throughout the Town. In addition, with Tyler Technologies' implementation, a greater level of transparency on budget reporting will be made available on the Town website for residents to follow the budget progression throughout the year.

### CRA BUDGET:

The CRA budget benefits residents and businesses within the CRA district. The ad valorem taxes paid to the CRA from the County is \$631,382. By State Statute, the Town must contribute \$1,162,739 to the CRA, for a total budget of \$1,794,131. The budget will fund business development grants in the amount of \$353,223, decorative holiday displays, community policing, and one block of hardscape and landscape improvements in the CRA. The CRA PADD expansion incorporates the northern portion of 10<sup>th</sup> Street. The first phase of the improvements will occur north of 10<sup>th</sup> Street. The total amount committed for the one-block upgrade is \$329,500. This year, the CRA budget proposes hiring two code officers for the CRA. Upon a recommendation from the CRA Board of Directors to increase density, the Town Commission approved the density increases away from the residential edges of the CRA. Density increases will yield approximately 1,000 to 1,300 new residential units over the next two to three years.

The CRA budget will set aside \$353,223 for business development grant funding

### ONE CENT SALES TAX REVENUE:

Sales tax revenue passed by Palm Beach County residents benefits the Town of Lake Park through supplemental funding for road construction projects, road work, and related infrastructure projects. This fiscal year, \$400,000 for sidewalk and road construction will come from the One Cent Sales Tax, as will \$405,000 for Town Hall, Library and Pro Shop roof repairs.

### ENTERPRISE FUND BUDGETS:

#### Public Works Department Streets and Road Fund Budget:

The Public Works Department and Road Fund Budget will receive an increase in funds. This year, \$400,000 in funding will come from the One Cent Sales Tax for infrastructure repair work. During the past Fiscal Year, the Auditor requested that the availability of Reserves, that the General Fund Reserves reimburse the outstanding debt in the Marina Fund. Therefore, Streets and Roads, which contributed to the debt shortfall, was repaid. The funds were used to fund the repair, replacement, or improvements of sidewalks throughout the Town.

#### Marina Fund Budget:

The Marina Fund operationally is showing a small profit. Decisions made by previous boards saddled a significant amount of debt on the Marina with the upgrades to the Marina back in 2000. The number of boat slips remained the same (108 slips). Currently, the revenue will not meet the Marina debt of approximately \$342,563 in the 2022-2023 Fiscal Year.

The Marina P-3 expansion and redevelopment of the Marina will permit the Town to shift the Marina debt to our P-3 (Public-Private Partnership) partners for approximately \$4 million. The infusion of private capital to expand the Marina and create a resort-style Marina accessible to the public will help reduce the outstanding debt paid by the General Fund subsidizing Marina debt. The Marina is an Enterprise Fund. Under this format, the Marina must operate as a business whereby the revenue received must meet all associated expenditures. Since the Marina upgrade in early 2000, the Marina has not been able to pay the debt associated with the capital improvements. In addition, large-scale capital projects will become a reality through the P-3 partnership. The Town Commission will finalize a P-3 partner through a comprehensive agreement early in

the 2022-2023 Fiscal Year. We expect a draft comprehensive agreement to be available for review by the end of September 2022. The expansion and redevelopment of the Marina will be necessary to maintain a greater degree of profitability for both the Town and the P-3 partner.

### **Stormwater Utility Fund Budget:**

With the award of more than \$11 million for green infrastructure development, the expansion of bioswales, rain gardens and rain barrels is on the horizon. The ability to retain at least 10% of our run-off will ensure the Town's sustainability as the level of our waterways continues to rise. As part of the master plan for drainage, the installation of baffle chambers underground at Bert Bostrom Park will filter and clean water discharged through a series of bioswales and eventually into the Intracoastal Waterway. The Bert Bostrom Park construction project will take up to a year to complete. The Commission's decision to create a master drain system built on the premise of bioswales and rain gardens will take the Town's sustainability into the year 2122 and beyond. For the Town to finance, increase and develop bioswales and rain gardens throughout the Town, Staff will be proposing reasonable and necessary increases to the Stormwater Utility Fund. As a result of the Commission's leadership decision, we can implement significant green infrastructure projects to improve drainage and filter drainage discharge, and receive grant funds to construct the entire system. However, the Stormwater rate will have to fund the grant matches in future years and employ Stormwater Technicians to maintain and upgrade the swale systems throughout the Town.

By adopting a green infrastructure initiative consisting of bioswales, rain gardens and rain barrels, the Town is in a unique position to continue to receive Federal and State grants to design and construct our Master Drainage Plan.

Finally, for the first time, we will begin expanding our existing drainage infrastructure to those areas of Town without drainage. The implementation by the Commission vote of the Master Drainage Plan is underway. Over the next 10 years, we plan to achieve drainage resiliency using the most bio-friendly green infrastructure. Bioswales, rain gardens, and rain barrels will hold drainage water on properties throughout the Town longer, resulting in clean drainage discharge to the Lake Worth Lagoon/Intracoastal Waterway.

The budget will allocate \$367,000 to repair and maintain our existing drainage system (north of Park Avenue). As stated earlier, the \$11 million grant will address the repair and maintenance of the underground piping system (south of Park Avenue). In addition to the \$11 million from the Federal Government, thanks to the support of Representative Mike Caruso, the State of Florida granted a \$700,000 allocation to the Town to further enhance water purification efforts impacting the Lake Worth Lagoon that were undertaken as part of the previous Lake Shore Drive Drainage Improvement Program. The Lake Shore Drive bridge closure will be addressed as part of the Southern Outfall Priority Rehabilitation Project grant. A road will replace the bridge and cross over the newly redesigned drainage infrastructure on Lake Shore Drive.

The Stormwater fund will finance two additional capital expenditures, a CCTV Rover camera system and new jet cleaning heads for the Stormwater System

### **Sanitation Fund Budget:**

We have heard a lot about the Sanitation Fund. Staff will initiate a total sanitation rate review to provide a comprehensive and viable solution to the Sanitation Fund. We plan to address the rate structure, how to manage the capital needs of the fund, and provide a rate that will give the fund the capital necessary to operate a reliable service for residents. First, the sanitation rate must support the level of service currently provided. Residents can place bulk items, vegetation and solid waste out for pickup twice a week. The rate must be structured to have emergency funds available for natural disasters and to meet unanticipated expenditures throughout the fiscal year. A percentage cap on the overall sanitation budget over the rate should be proposed and considered by the Town Commission.

The sanitation budget proposes to purchase a truck for dumpster delivery and retrieval in the amount of \$140,000. In addition, the budget will fund an A-frame gantry crane for \$13,000, as well as \$60,000 to purchase new commercial dumpsters and \$60,000 to replace or refurbish existing dumpsters.

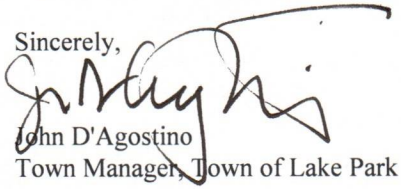

### **CONCLUSION:**

The new fiscal year 2022-2023 budget is balanced without significant changes in departmental service levels.

The staff looks forward to continue working with the Town Commission. To further the goals and objectives of both the Commission and the Administration, we must support each other in moving the Town forward in a positive direction.

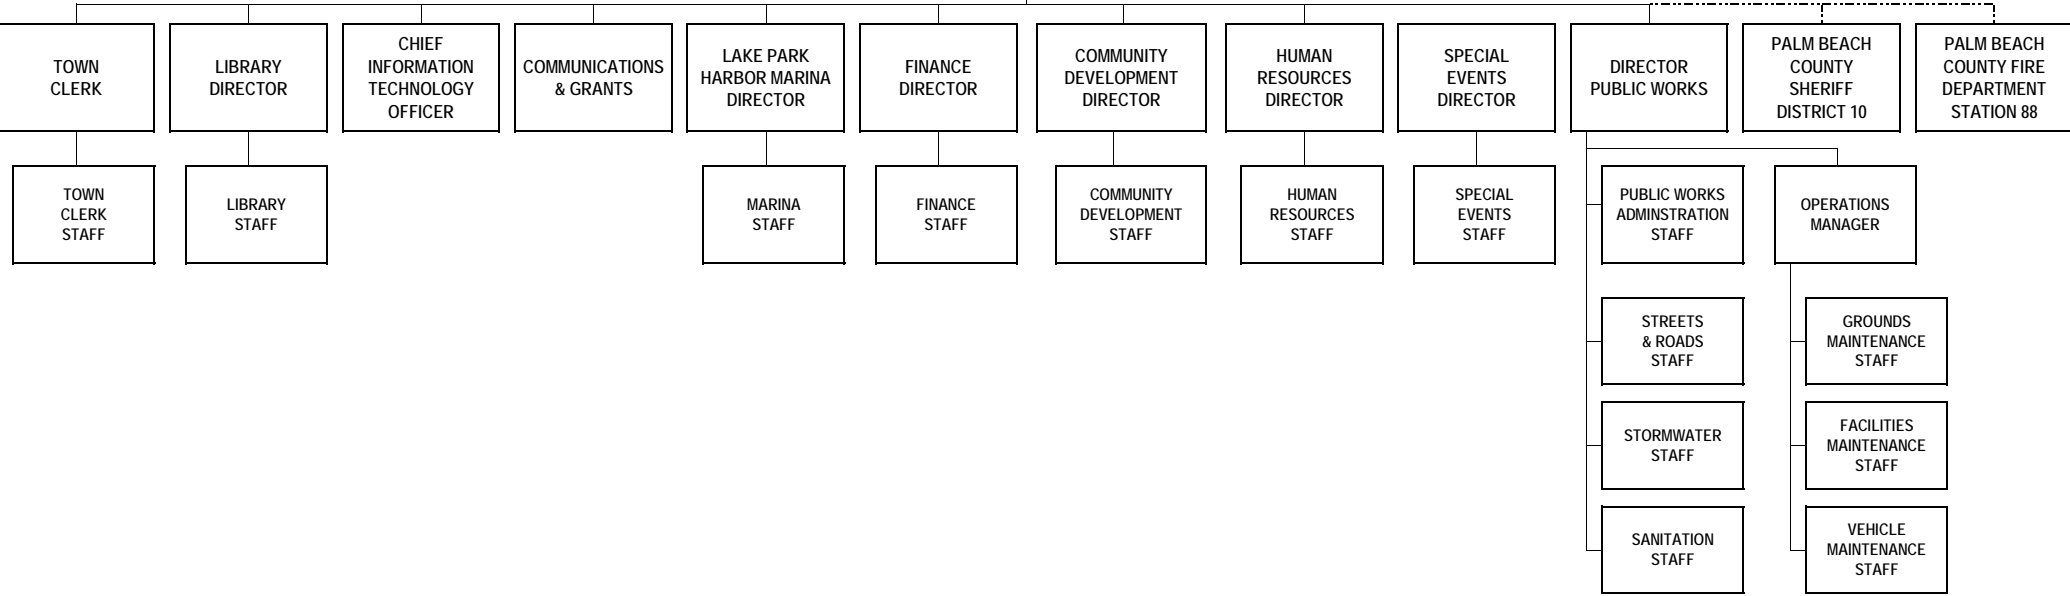

Staff would like to thank the Commission members for their insight, vision, advise and direction, as together we have balanced the budget with the best intentions of the Town at the forefront.

Sincerely,
