**EXHIBIT A**  
**WORK PROGRAM NARRATIVE**

**1. THE MUNICIPALITY AGREES TO:**

**A. PROFESSIONAL SERVICES:** The Municipality, using its own resources, shall retain an engineering consultant (a Florida Professional Engineer) to provide design services to create plans and specifications for the reconstruction of 6 tennis courts, two (2) of which are located at 601 Federal Highway and four (4) located at 600 Lake Shore Drive in the Town of Lake Park. Additionally, the Municipality and the consultant shall also prepare, obtain and review bids, prepare contract documents, inspect work in progress, recommend payment to contractors, and provide other professional services customarily provided by similar professionals for this type of project. The consultant shall also coordinate the design and construction work with the asbestos abatement contractor, should such abatement become necessary.

Alternatively, the Municipality shall have the option of performing any portion of the consultant's services described above by its own staff provided such staff possesses the necessary competency to do so. All costs associated with the above services shall be paid for by the Municipality.

**B. PROJECT SCOPE:** The scope of this project, subject to funding availability, shall include but not be limited to, the following tennis court improvements at 601 Federal Highway and 600 Lake Shore Drive:

Reconstruction of the existing tennis courts including the removal and replacement of deteriorated asphalt and drainage components, leveling and resurfacing of playing areas, and the installation of new net posts and nets.

(1) Should the Municipality use brand names in the bid package/drawings/specifications for this project, then these documents shall:

- (a) Clearly note that the specified brand name is used for descriptive purposes only,
- (b) State that "equal" equipment or materials will be accepted, and
- (c) Identify the minimum requirements to establish equality.

The Municipality agrees that the use of more than one brand name shall not be regarded as having met the above requirements.

(2) The Municipality shall submit its bid package/drawings/specifications, and an itemized opinion of probable construction cost, prepared by its consultant, to DES and obtain a letter of approval prior to bidding the construction work. Furthermore, the Municipality shall obtain DES approval prior to issuing any addenda to its bid documents for this project.

(3) The Municipality shall prioritize the work in the project, and shall bid such work in a manner that would allow the receipt of itemized costs from bidders which would then allow the award of items that can be funded by the budget provided that the extent of work awarded will result in a functioning tennis facility in the opinion of DES.

(4) The Municipality shall assure that neither the prime contractor nor any subcontractor shall be allowed to perform one hundred percent (100%) of their work on this project on nights, weekends, or County recognized holidays, and shall assure that the prime contractor and all subcontractors shall, at a minimum, perform work on this project for the duration of one regular working day. The Municipality may request DES for a waiver to the above requirement should the nature of the project so necessitate, and in such instance, DES may, at its discretion, grant the Municipality such waiver.

## TOWN OF LAKE PARK

(5) The Municipality shall not award the construction contract for the project until sufficient funding is available to complete the established scope of work. All construction work shall be included in one contract. The Municipality shall obtain DES approval prior to awarding the construction contract to be funded through this Agreement. After awarding such contract, the Municipality shall obtain DES approval prior to executing any change orders to such contract.

(6) Should the construction contract amount for this project exceed the amount to be funded by the County for construction costs through this Agreement, then the Municipality shall fund all amounts in excess of the amount to be funded by the County. The Municipality may request the County to participate with a portion of the County's funding for construction costs first prior to participating with its funds. Under such a scenario, the Municipality would disburse an amount up to 75% of the County's funding amount made available for the project through this Agreement for construction costs and request reimbursement from the County for such amount, then disburse its portion of funding for the project (without being reimbursed by the County for such amount), and finally, the Municipality would disburse an amount equivalent to the County's remaining funding amount made available for the project through this Agreement for construction costs and request reimbursement from the County for such amount.

The Municipality shall first disburse 100% of their funds toward the contract amount, and shall provide DES with satisfactory documentation in this regard. DES will then fund the contract amount contained herein and as presently available in this project's budget in the form of a reimbursement to the City.

(7) The Municipality shall not request reimbursement from DES for materials or equipment received and stored on the project site or elsewhere. The Municipality shall only request reimbursement for materials and equipment that have been installed.

(8) The Municipality shall inform DES of any environmental findings or conditions discovered during activity implementation. Applicable mitigation measures must be incorporated in order to proceed with the project. Such mitigation measures may affect the total project cost.

**The Municipality further agrees that DES, in consultation with any parties it deems necessary, shall be the final arbiter on the Municipality's compliance with the above.**

**C. ASBESTOS REQUIREMENTS:** The Municipality shall comply with all applicable requirements contained in Exhibit C, attached hereto, for construction work in connection with the project funded through this Agreement.

**D. DAVIS-BACON ACT:** The Municipality shall request the County to obtain a Davis-Bacon wage decision for the project prior to advertising the construction work. The Municipality shall incorporate a copy of the Davis-Bacon wage decision and disclose the requirements of the Davis-Bacon Act in its construction bid solicitation and contract.

**E. BONDING REQUIREMENTS:** The Municipality shall comply with the requirements of 24 CFR Part 85 in regard to bid guarantees, performance bonds, and payment bonds. For contracts exceeding \$100,000, the Municipality shall require a bid guarantee from each bidder equivalent to five percent (5%) of the bid price. The "bid guarantee" shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified. In addition, for contracts exceeding \$100,000, the Municipality shall also require a performance bond on the part of the contractor for 100 percent (100%) of the contract price and a payment bond on the part of the contractor for 100 percent (100%) of the contract price.

## TOWN OF LAKE PARK

A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract. A "payment bond" is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract. All bonds shall be executed by a corporate surety company of recognized standing, authorized to do business in the State of Florida. The Municipality may follow its own requirements relating to bid guarantees, performance bonds, and payment bonds for contracts of \$100,000, or less.

**F. CONSTRUCTION PAYMENT RETAINAGE:** Throughout the term of this contract, the Municipality shall withhold retainage upon each progress draw at the maximum percentage allowed by Florida law. The Municipality shall abide by Florida law regarding the payment of retainage funds and project closeout procedures. The Municipality shall ensure that its contractor and subcontractors have complied with the requirements of the Davis-Bacon Act, and that satisfactory project closeout documentation has been submitted and approved by DES.

**G. FORMER PROJECTS:** The Municipality shall maintain all previously completed CDBG funded projects. Failure to do so will result in forfeiture of future CDBG funds and will delay funding for ongoing activities.

**H. PERFORMANCE REQUIREMENTS:** The time frame for completion of the outlined activities shall be January 31, 2014. The Municipality shall meet these performance requirements by the timely performance, documentation, and completion of the following tasks:

Advertise, Accept Bids, & Award Contract by: September 15, 2013  
Start Construction by: October 15, 2013  
Complete Construction by: December 31, 2013  
Submit Final Reimbursement Request by: January 31, 2014

**I. REPORTS:** The Municipality shall submit to DES a detailed Monthly Performance Report in the form provided as Exhibit B to this Agreement. Each Report must account for the total activity for which the Municipality is funded under this Agreement, and a Municipality representative must certify that all of the Municipality's Monthly Performance Requirements contained herein have been met during the reporting period. These Monthly Performance Reports shall be used by DES to assess the Municipality's progress in implementing the project.

This Agreement may be amended to decrease and/or recapture funds from the Municipality depending upon the timely completion of the monthly performance requirement deadlines and/or the rate of expenditure of funds, as determined by DES.

**The Municipality may be subject to decrease and/or recapture of project funds by the County if the above Monthly Performance Requirements are not met. Failure by the Municipality to comply with these requirements may negatively impact ability to receive future grant awards.**

**J. USE OF THE PROJECT FACILITY/PROPERTY:** The Municipality agrees in regard to the use of the facility/property whose acquisition or improvements are being funded in part or in whole by CDBG funds as provided by this Agreement, that for a period of five (5) years after the expiration date of this Agreement (as may be amended from time to time):

- (1) The Municipality may not change the use or planned use, or discontinue use, of the facility/property (including the beneficiaries of such use) from that for which the acquisition or improvements are made, unless the Municipality provides affected citizens with reasonable notice of, and opportunity to comment on, any such proposed change and either:

- a. The new use of the facility/property qualifies as meeting one of the national objectives defined in the regulations governing the CDBG program, and is not a building for the general conduct of government; or
  - b. The requirements of paragraph (2) of this section are met.
- (2) If the Municipality determines, after consultation with affected citizens, that it is appropriate to change the use of the facility/property to a use which does not qualify under paragraph (1) (a) of this section or discontinue the use of the facility/property, it may retain or dispose of the facility for such use if the County is reimbursed in the amount of the current fair market value of the facility/property less any portion thereof attributable to expenditures of non-CDBG funds for acquisition of, or improvements to the facility/property. The final determination of the amount of any such reimbursement to the County under this paragraph shall be made by the County.
- (3) Following the reimbursement of CDBG funds by the Municipality to the County pursuant to paragraph (2) above, the facility/property will then no longer be subject to any CDBG requirements.

**The provisions of this clause shall survive the expiration of this Agreement.**

**K. SECTION 3 REQUIREMENTS:** The Municipality agrees to comply with all Section 3 requirements applicable to contracts funded through this Agreement. Information on Section 3 is available at DES upon request. The Municipality shall include the following, referred to as the Section 3 Clause, in every solicitation and every contract for every Section 3 covered project:

**Section 3 Clause**

- (1) The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 170 1u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by Section 3 shall, to the greatest extent feasible, be directed to low-and very low-income persons, particularly persons who are recipients of HUD assistance for housing.
- (2) The parties to this contract agree to comply with HUD's requirements in 24 CFR Part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the Part 135 regulations.
- (3) The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers representative of the contractor's commitment under this Section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.
- (4) The contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 CFR Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR Part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR Part 135.

TOWN OF LAKE PARK

- (5) The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR Part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR Part 135.
- (6) Noncompliance with HUD's regulations in 24 CFR Part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

**L.**

**ENVIRONMENTAL CONDITIONS:** The County shall perform an Environmental Review (ER) of the project to determine existing conditions and identify all potential environmental impacts, whether beneficial or adverse, and any required conditions or mitigation measures that must be considered in the design and implementation of the project. The Municipality will receive notification from DES following completion of the ER. If applicable, the letter will include a description of the required conditions and/or mitigation measures. Environmental review costs incurred by the County may be charged to the project identified above. In addition, the Municipality shall immediately inform DES of any environmental findings or conditions discovered during activity implementation, and agree that applicable mitigation measures, subject to DES approval, shall be incorporated in order to proceed with the project. The Municipality agrees that such mitigation measures may affect the total project cost, as determined by DES.

**2. THE COUNTY AGREES TO:**

- A.** Provide funding for the above specified improvements as described above in "Project Scope", during the term of this Agreement, in the amount of \$37,294. However, the County shall not provide any funding for the construction work until the Municipality provides documentation showing that sufficient funds are committed and available to complete the project.
- B.** Provide project administration and inspection to the Municipality to ensure compliance with U.S. HUD and the Department of Labor, and applicable State, Federal and County laws and regulations.
- C.** Monitor the Municipality at any time during the term of this Agreement. Visits may be announced or unannounced, as determined by DES, and will serve to ensure compliance with U.S. Department of HUD regulations that planned activities are conducted in a timely manner, and to verify the accuracy of reporting to DES on program activities.
- D.** Perform Davis-Bacon Act Labor Standards monitoring and enforcement.
- E.** Allowable costs that may be paid by the County under this Agreement in addition to those stated in 2.A above:
  - (1) Costs of asbestos surveys, asbestos abatement, and abatement monitoring.
  - (2) Costs of any other services customarily associated with projects of the nature of the project contemplated by this Agreement.

The County shall review requests by the Municipality for expenditures on the above items prior to undertaking the services associated with them, and approve any such expenditure it deems appropriate for this project.

**ASBESTOS REQUIREMENTS**  
**SPECIAL CONDITIONS FOR DEMOLITION AND RENOVATION OF BUILDINGS**

The provisions of this part apply to all demolition and renovation work contemplated in this Agreement and described in Exhibit A of this Agreement.

**I. DEFINITIONS**

- ACM: Asbestos Containing Materials
- AHERA: Asbestos Hazard Emergency Response Act
- EPA: Environmental Protection Agency
- FLAC: Florida Licensed Asbestos Consultant
- DES: Palm Beach County Department of Housing and Community Development
- NESHAP: National Emission Standards for Hazardous Air Pollutants
- NRCA: National Roofing Contractors Association
- NVLAP: National Voluntary Laboratory Accreditation Program
- OSHA: Occupational Safety & Health Administration
- PBCAC: Palm Beach County Asbestos Coordinator (in Risk Management)
- PLM: Polarized Light Microscopy
- RACM: Regulated Asbestos Containing Materials
- TEM: Transmission Electron Microscopy

**II. ASBESTOS SURVEYS**

All properties scheduled for renovation or demolition are required to have a comprehensive asbestos survey conducted by a Florida Licensed Asbestos Consultant (FLAC). The survey shall be conducted in accordance with AHERA guidelines. Analysis must be performed by a NVLAP accredited laboratory.

For Renovation Projects (projects which will be reoccupied):

- Point counting should be conducted on all RACM indicating 1% - 10% asbestos by PLM analysis. If the asbestos content by PLM is less than 10%, the building owner/operator can elect to:
  - 1. Assume the material is greater than 1% and treat it as RACM, or
  - 2. Require verification by point counting
- Samples of resilient vinyl floor tile indicating asbestos not detected must be confirmed by transmission electron microscopy (TEM)
- Joint compound shall be analyzed as a separate layer
- Roofing material shall be sampled only if a renovation requires the roof to be disturbed. In lieu of sampling the roof, it will be presumed to contain asbestos

For Demolition Projects:

- Point counting should be conducted on all RACM indicating 1% - 10% asbestos by PLM analysis. If the asbestos content by PLM is less than 10%, the building owner/operator can elect to:
  - 1. Assume the material is greater than 1% and treat it as RACM, or
  - 2. Require verification by point counting
- Composite sample analysis is permitted for drywall systems (combining the drywall and joint compound constituents)
- All Category I and II non-friable materials, as defined in EPANESHAP, shall be sampled to determine asbestos content

If the Agency (or Municipality, as applicable) has a recent asbestos survey report prepared by a Florida Licensed Asbestos Consultant, a copy may be provided to DES for review by the PBCAC to determine if the survey is adequate to proceed with renovation/demolition work. If no survey is available, a survey may be initiated by the Agency (or Municipality, as applicable) or requested by DES. If the survey is through DES, a copy of the completed survey will be forwarded to the Agency (or Municipality, as applicable).

**III. ASBESTOS ABATEMENT**

**A. RENOVATION**

- (a) Prior to a renovation, all asbestos containing materials that will be disturbed during the renovation, must be removed by a Florida Licensed Asbestos Contractor under the direction of a FLAC. Exceptions may be granted by DES prior to the removal. The Agency (or Municipality, as applicable) must obtain approval for all exceptions from DES. DES will request the PBCAC to review and approve all exceptions.
- (b) Asbestos abatement work may be contracted by the Agency (or Municipality, as applicable) or by DES upon request.
- (c) If the Agency (or Municipality, as applicable) contracts the asbestos abatement, the following documents are required to be provided to the DES.
  - 1. An Asbestos Abatement Specification (Work Plan)
  - 2. Post Job submittals, reviewed and signed by the FLAC
- (d) If the Agency (or Municipality, as applicable) requests DES to contract the asbestos abatement, DES will initiate the request through the PBCAC who will contract the asbestos abatement. DES will provide a copy of all contractor and consultant documents to the Agency (or Municipality, as applicable).
- (e) Materials containing <1% asbestos are not regulated by EPANESHAPS. However, OSHA compliance is mandatory. OSHA requirements include training, wet methods, prompt cleanup in leak tight containers, etc. The renovation contractor must comply with US Dept of Labor, OSHA Standard Interpretation, "Compliance requirements for renovation work involving material containing <1% asbestos", dated 11/24/2003. The renovation contractor must submit a work plan to DES prior to removal of the materials.

**B. DEMOLITION**

- All RACM must be removed by a Florida Licensed Asbestos Contractor under the direction of an FLAC prior to demolition. Examples of RACM include: popcorn ceiling finish, drywall systems, felt or paper-backed linoleum, resilient floor tile which is not intact, asbestos cement panels/pipes/shingles ("transite").
- NESHAP Category I non-friable materials, such as intact resilient floor tile & mastic and intact roofing materials, may be demolished with the structure, using adequate controls. The demolition contractor shall be made aware of the asbestos-containing materials and shall exercise adequate control techniques (wet methods, etc.). Any exceptions to these guidelines shall be requested through and approved by DES prior to the removal. Demolition work should be monitored by a FLAC to ensure proper control measures and waste disposal. This is the responsibility of the Agency (or Municipality, as applicable).
- (a) Asbestos Abatement work may be contracted by the Agency (or Municipality, as applicable) or by DES upon request.
  - (b) If the Agency (or Municipality, as applicable) contracts the asbestos abatement, the following documents must be provided to the DES and reviewed by the PBCAC.
    - 1. An Asbestos Abatement Specification (Work Plan).
    - 2. Post Job submittals, reviewed and signed by the FLAC.

## TOWN OF LAKE PARK

- (c) If the Agency (or Municipality, as applicable) requests DES to contract the asbestos abatement, DES will initiate the request through the PBCAC who will contract the asbestos abatement. DES will provide a copy of all contractor and consultant documents to the Agency (or Municipality, as applicable).
- (d) Recycling, salvage or compacting of any asbestos containing materials or the substrate is strictly prohibited.
- (e) In all cases, compliance with OSHA "Requirements for demolition operations involving material containing <1% asbestos" is mandatory.
- (f) If suspect materials are discovered that were not previously sampled and identified in the survey, stop all work that will disturb these materials and immediately notify DES.
