information and he will provide her with a response to her inquiries.

**PRESENTATIONS:**

**Presentation by Ms. Barbara Giannini.**

Ms. Giannini addressed the Commission regarding the Canopy Ordinance. She stated that she would like to see other options offered to residents who desire to have canopies on their properties. She suggested that the residents be required to pull a permit, and sign an affidavit of responsibility. Ms. Giannini feels the Ordinance is unfair and should be reconsidered.

The pleasure of the Commission was not to repeal the canopy Ordinance. They feel that the canopies are a safety hazard and eliminating them also improves the aesthetic appearance. They recommended that she remove the canopy and either, 1) place a tarp over the boat, 2) place a boat cover on the boat, 3) or place the boat at a dry storage facility.

July 19, 2005

The Honorable Mayor Paul Castro  
Town of Lake Park  
535 Park Avenue  
Lake Park, FL 33403

Dear Mayor Castro and Lake Park Commissioners:

At the commission's budget workshop of June 29, 2005 the commissioners tasked the marina advisory board with investigating a staff proposed slip rate-schedule included with and integral to the fiscal 2005-2006 marina budget proposal.

The marina advisory board held a special meeting on July 18, 2005 with one agenda item:

H. Old Business

Review and discuss the proposed marina budget and slip rates.

Attachments: Proposed budget and proposed slip rates.

The findings of the marina advisory board regarding the proposed rates are as follows:

<u>In Favor of Staff Proposed Rate:</u>	
James DuBois	
Chairman	
Ronnie Lee Cohen	Secretary
Janice Branyan	Member

<u>Not In Favor of Staff Proposed Rate:</u>	
Jim Knox	Member
Joe Sibley	Member
Kelleen Allen	First Alternate
James Lloyd	Second Alternate

Those in favor of the proposed rate had in common an appreciation for the staff's research and reasoning; and the overall elegance of the proposed slip rates.

Those not in favor of the proposed slip rates had the following recommendations:

Jim Knox - recommended operating at the present rate , fourteen dollars per foot, for six months from the date when the marina becomes fully operational.

Kelleen Allen - recommended a minimum of five percent increase above the current rate and not to exceed twelve percent over the current rate.

Jim Lloyd – recommended preserving the current rate until the marina is fully occupied.

Joe Sibley – concurred with the previous suggestions

In this matter all members had active participation, therefore a consensus of the members that included the alternates was taken as a consensus of the entire board against the proposed rate increase.

A unanimous decision was not likely to be gained on this matter regardless of time available in deliberation of the issue. Also, with consensus being of such a narrow margin there seemed little benefit towards advising the commissioners by calling for a hard vote of the regular members. A decision based on such a vote would have simply represented the swing of a single vote.

Regarding the revenue, expense and assumptions of the proposed operating budget there were some suggestions regarding particular line items. The board did not make a deliberative decision, for or against, recommending changes to those line items.

Sincerely,

James E. F. DuBois  
Chairman  
Lake Park Harbor Marina Advisory Board
