Members of the Lake Park Commission

RE: Transmittal Letter FY 16 First Draft Operating Budget, Town of Lake Park.

Attached, is the first draft of the Operating Budget for Fiscal Year 16. The budget is proposed as a request for funding by each Town Department Head. As the Town Manager, I have not provided the commission with my recommendations. I desire to hear from the Commission as to their priorities and initiatives at the Budget Hearing scheduled for Monday, July 13th, 2015. I desire to reach a consensus budget with Staff and the Commission. Budget team members consisting of Blake Rane, Nadia DiTommaso, Bambi McKibbon-Turner and I, worked within a rigorous and compressed time frame to provide the Commission with the first draft budget for tonight. The collective efforts of each department head and the budget team member should be recognized and applauded. The budget is ongoing working financial planning document that will go through many iterations. The final budget document should represent the spending priorities of the Town of Lake Park.

Upon your review, you will identify the operating budget priorities by department. You will also identify each department's priority initiatives. The first draft budget is an attempt to restore capacity to the operations of each department. The Commission must know the budgetary needs of each department. Tonight, the Commission will set a proposed Ad Valorem tax rate. The shift down of the Ad Valorem tax rate from 8.80 mills to 5.9447 mills, represents a shift in the tax rate through the creation of a Municipal Services Tax Utility rate for Fire and Medical Services. The Ad Valorem rate reduction is not due to spending reductions, but rather because of the shift in how the Fire and Medical Services are paid through the creation of a Municipal Services Tax Utility (MSTU).

The Ad Valorem Tax rate is heavily dependent upon Commercial Tax values. Residential Property Tax revenue is less than 50% of all tax revenue collected. A significant percentage of low property values in Lake Park means that the town is susceptible to economic shifts in the economy, more so than neighboring municipalities. This year, property values have increased by 8.8 percent. The most significant property value increase in over eight years. Incremental revenue growth from property values will continue for the foreseeable future. However, the percentage growth may fluctuate over time. In order to become a financially sustainable community,

we must diversify property values in Lake Park. The proposed Mixed Use Route 1 Corridor initiative in my opinion will be very important to the economic sustainability of both the local economy and government. The attached budget is an attempt at establishing capacity and sustainability. I believe we are at the apex of a defining point in Lake Park's history. The choices will be difficult but necessary to move the community forward in a positive direction. While our decisions are difficult, they are clear cut. We must move forward in a positive direction, by providing the services our community requires. In order to do so, we must build capacity in our departments to deliver the services our residents demand. The first draft budget establishes the blue print for this to happen.

I look forward to an integrated budget process with staff and the Commission. My office will establish budget meetings with each commission member to explain the budget in greater detail and to answer questions of each commission member. A second budget hearing/workshop will be scheduled on August 17, 2015. The second budget hearing/workshop will reflect the input of our residents and Commission Members. The final budget document will mirror the core values of commission members, staff with input from the residents.

Sincerely Yours

John D'Agostino
Town Manager

HUMAN RESOURCES (GF 105)
DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16

The goal of the Human Resources Department is to support the Town's mission by creating an environment to help promote the efficient and effective delivery of municipal services to the Town by its employees. Among this department's major responsibilities are the following:

- ▶ Human Resource Planning
- ▶ Human Resource Policy Development
- ▶ Employee Training and Development
- ▶ Employee Classification and Compensation
- ▶ Employee Benefit Planning
- ▶ Labor Relations
- ▶ Risk Management

In terms of the efficient delivery of departmental services, the departmental responsibilities outlined above have continued to be carried out in a cost-effective, accurate and timely manner. For example, this fiscal year the Human Resources Department conducted the national Town Manager search to fill the vacancy resulting from the retirement of Dale Sugerman. Such Town Manager search was successful in that a new Town Manager was hired by the Town effective 5/1/2015. The Human Resources Director also served as the Interim Town Manager from 1/26/2015 until 4/30/2015.

The Human Resources Department has continued its ongoing program of employee training focusing on compliance issues, and the Human Resources Director has continued to work with the Florida League of Cities and the Public Works Director in ensuring that the Town's workplace is a safe and healthy environment in which Town employees work, and which customers visit. Such safety initiatives have continued to significantly reduce the number of workplace accidents and workers' compensation claims and have resulted in a decrease in our workers' compensation insurance premiums.

In terms of promoting employee wellness, the Human Resources Department has arranged to bring the Jupiter Medical Center Wellness-in-Motion mobile unit back onsite to make various health screenings available to Town employees, and will do so again in FY 2016.

Schedule 4

Account #	Account Name	Task, Description, and/or Vendor	Cost
105-31000	Professional Services	Florida Department of Law Enforcement Criminal Histories on the Internet (for state criminal background checks); National Student Clearing House (to verify academic degrees or attendance at a college or university); Crimcheck (for national criminal background and sex offender background checks) and, Benefits Workshop (aka JAG Enterprises, for administration of the Flexible Spending Account and the provision of COBRA services). This is being proposed as level funded from FY 2015.	\$ 6,000
105-34000	Contractual Services	Jupiter Medical Center Occupational Health Services (for pre-employment and post-accident drug screens and physicals and commercial drivers' license-related drug screening); Innovative Credit Solutions (for credit investigations for applicants for certain positions); and, the Center for Family Services for the Employee Assistance Program for Town employees. This is being proposed as level funded from FY 2015	4,000
105-40000	Travel and Training	Intermediate Excel training for the HR Administrative Assistant through a local high school estimated at \$150.00 (this is advertised in the fall in the publication entitled "Community Educator" along with the exact cost). Also included is the amount of \$2,600 which is the cost of the training course entitled Supervisory Skills for New Supervisors through the Florida International University School of International and Public Affairs which is being proposed for Town department heads and supervisors.	2,750

FISCAL YEAR 2015-16

Schedule 4

Account #	Account Name	Task, Description, and/or Vendor	Cost
105-48100	Advertising	Palm Beach Post; International City/County Management Association; American Planning Association; Florida American Planning Association; Florida Government Finance Officers Association; and, other professional organizations as needed for which there is a cost for employment advertising. It is being proposed that this be increased from the \$5,000 budgeted in FY 2015 to \$6,000 for FY 2016 because of the high degree of job advertising that has taken place so far this fiscal year. With 75 percent of the fiscal year completed (as of 6/24/2015), this account shows a net availability of minus \$26.	6,000
105-51000	Office Supplies	Staples and Office Depot, and an additional \$1,000 to cover the cost of color and black and white printing for other departments, etc. which is taking place on the HR Department Toshiba copier/printer and cannot be separated out because no print meter has been installed on this equipment. The HR Department also bears the full cost of paper purchased for all printing and copying done on this equipment. This is being proposed as level funded from FY 2015.	2,250
105-54200	Membership, Dues & Subscription	International City/County Management Association (\$323.17 membership renewal fee for HR Director); Society for Human Resource Management (\$180.00 approx. membership renewal fee for HR Director); and, Business and Legal Reports (\$596.95 for What To Do about Personnel Problems in Florida [\$557.00 plus \$39.95 shipping cost]). This is a decrease from the \$1,252 budgeted for this item for FY 2015.	1,100

PROPOSED INITIATIVES with DETAIL

FISCAL YEAR 2015-16

Schedule 5

Project Title	Description and Justification	Revenue	Cost
Removal from the Parks and Recreation Department budget of the 38 percent budgeted for the Administrative Assistant position	Due to the increased Human Resources Department workload and increased level of responsibility assigned to this position, and the demand for an increase in the percentage of hours to be afforded to recreation duties including the increase in work on rentals from a part-time activity to a full-time activity which cannot be accomplished within the 38 percent budgeted for this position for the Parks and Recreation Department, it is being proposed that the 38 percent budgeted for this position for Parks and Recreation be removed, and that 100 percent of the costs for this position be budgeted in the Human Resources Department. The cost of this would be 38 percent of \$38,750 which is the total cost per year of the second initiative (below).		\$ 14,725
Upgrade of Administrative Assistant Position	<p>Upgrade of the current Administrative Assistant position to Assistant to the Human Resources Director to reflect the increased Human Resource responsibilities assigned to the employee in the position of Administrative Assistant. This action would require the amendment of the classification plan to include the new job description of Assistant to the Human Resources Director. The hourly pay range proposed for this position is \$18.63 per hour to \$25.07 per hour which is consistent with the hourly rate for the current position of Assistant to the Public Works Director. Such action would result in a \$4.30 per hour increase in the current hourly pay rate of \$14.33 (\$29,806 per year) for the position of Administrative Assistant to bring the employee up to minimum hourly rate of \$18.63 (\$38,750 per year) for the proposed new position, or an additional \$8,944 per year. To prepare her for such increase in responsibilities, the employee currently in the position of Administrative Assistant has undergone extensive on-the-job Human Resource training by the Human Resources Director as well as training through the Florida Employment Law Seminar (in March of 2014) which provided her with an understanding of how to comply with Federal and State employment laws and regulations impacting management, i.e.:</p> <ul style="list-style-type: none"> Federal and Sate Wage and Hour Laws; Employment at Will; Wrongful Discharge; Sexual Harassment; Legal and Illegal Interview Questions; Conducting Effective Reference Checks; Personnel Recordkeeping Requirements; How to Comply with the Americans with Disabilities and the Family Medical Leave Acts; How to Discipline and Discharge Employees Legally; and Dealing with Special Disciplinary Problems 		\$ 8,944

TOWN OF LAKE PARK - ANNUAL BUDGET
FINANCE DEPARTMENT (General Fund 150)
DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16

The overall goal of the Town of Lake Park's Finance Department is to assure the effective and efficient use of the Town's fiscal and monetary resources and to safeguard Town assets.

Among the Finance Department's responsibilities are the development of the Town's fiscal budget; the development and implementation of financial and accounting reporting policies, procedures, and practices in accordance with Government Accounting Standards Board pronouncements and other legally mandated standards; and, the development of sound record keeping and centralized public financial services in order to meet the highest promulgated standards.

Goals for the current and upcoming year are:

- ❖ Maintain a high level of transparency, openness, and disclosure with the Town Commission and the Senior Staff
- ❖ Work towards a effective and efficient team in the Finance Department
- ❖ Develop a plan to engage the community and the Commission in the financial planning of the Town, i.e. long term planning, budgeting, and specific proposals
- ❖ Stabilizing the Town's short term and long term financial position

John O. D'Agostino, Town Manager
Town of Lake Park
535 Park Avenue
Lake Park, FL 33403

Dear Mr. D'Agostino:

Based on the July 1 property values, Palm Beach County Fire Rescue has submitted a proposed millage rate of **3.4581** for FY 2016. This rate is **7.11% over** roll-back. The Board of County Commissioners (BCC) will consider this proposal at their July 21st budget workshop and will authorize a rate to be submitted to the Palm Beach County Property Appraiser. The BCC will consider and adopt a final millage rate during the budget public hearings on September 8th and 21st.

Please note Florida Statute 125.01 (1)(q) states as follows:

"... If ad valorem taxes are levied to provide essential facilities and municipal services within the unit, the millage levied on any parcel of property for municipal purposes by all municipal service taxing units and the municipality may not exceed 10 mills..."

Therefore, the Town of Lake Park millage rate cap of 10 mills will be reduced by the Fire Rescue MSTU millage rate.

Please contact me if you have any questions or need additional information.

Sincerely,

Michael Martz, Director of Finance
Palm Beach County Fire Rescue

TOWN OF LAKE PARK - ANNUAL BUDGET
PUBLIC WORKS ADMINISTRATION (GF 400)
DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16

CORE VALUES:

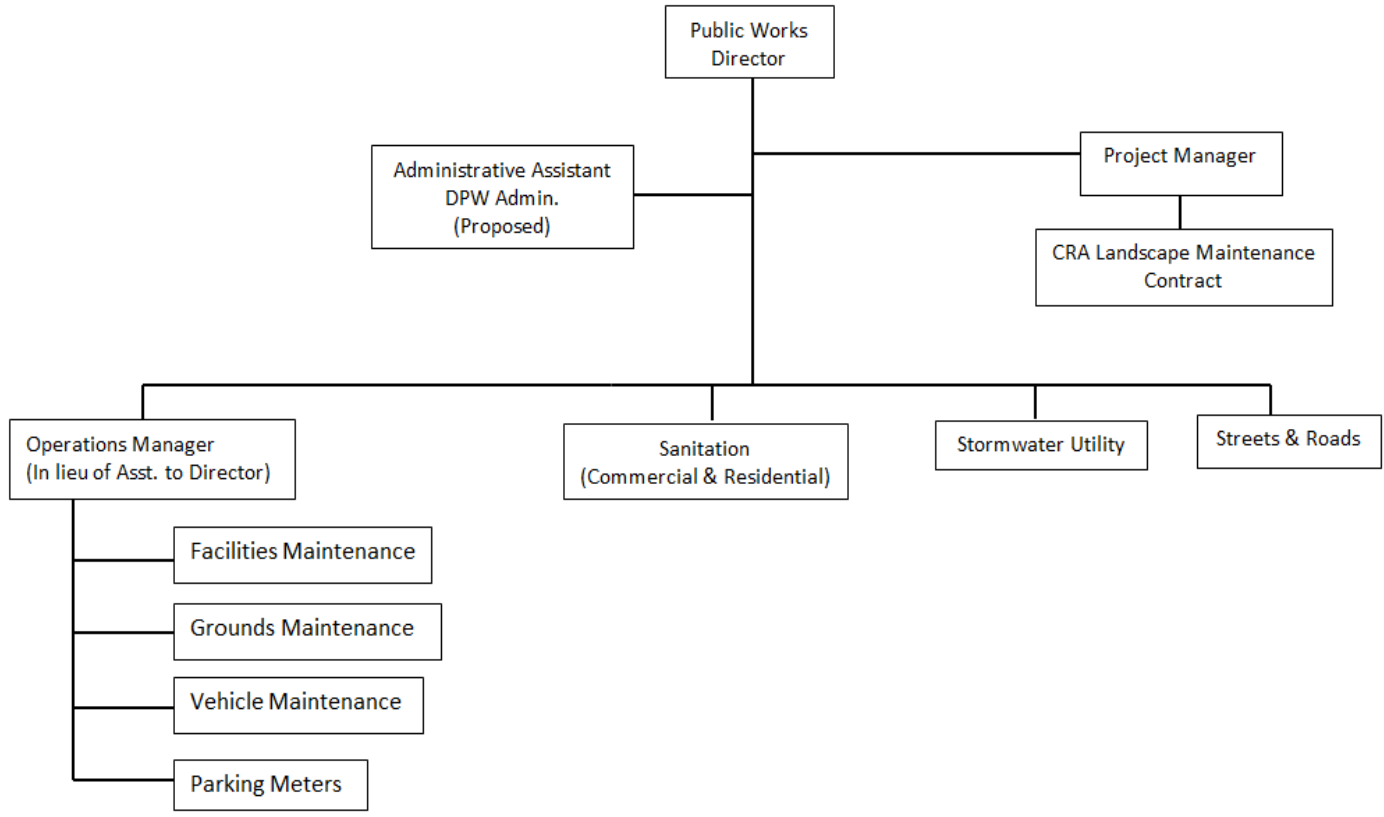

- *Safety and welfare of Town personnel and residents
- *Maintenance of capital projects and other projects (construction of bid proposals, contracts, agenda items, maintenance of operations, etc.)
- *Customer service with complaint resolution
- *Support of all Public Works Divisions via work order management, vendor communications and work coordination, safety training, payroll, budget maintenance, etc.
- *Communications hub for inter-departmental operations

Department of Public Works Administration provides support services to the eight divisions of Public Works. Administration provides support in the form of cost accounting/budget maintenance, issuance of work orders, payroll, working with vendors; facility supplies and safety gear. Most importantly, the Public Works Department Administration is the first point of contact for the Town when residents and businesses are in need of Sanitation services or are reporting unsound conditions of sidewalks and roadways.

Administration also works on capital projects, miscellaneous maintenance projects, prepares cost estimates and Commission agenda items. One of the goals set for this year is to establish a five year improvement plan to identify and prioritize areas in need of repair or improvement. This will facilitate the budget preparation process.

The Assistant to the Public Works Director responds to incoming calls between the hours of 7:30 a.m. until 4:00 p.m. thus providing an efficient first response to the caller. The entire Public Works Department endeavors to provide a caller or visitor to the Department with a small town, personalized attention experience.

CORE VALUES:

- *Safety of personnel and general public
- *Keeping parks and town greenways well manicured for a positive town image
- *Keeping sports and play areas well cared for to support the recreation department's programs
- *Maintain qualified personnel and efficient machinery/equipment to support timely and effective operations

The Grounds Maintenance Division is an important part of the Public Works Department for the Town. This Division is responsible for taking care of all the green areas throughout the Town except Park Avenue, 10th Street, and the Marina.

By keeping greenways and common areas well manicured and groomed, this Division improves and maintains the Town's positive image which ultimately contributes to attracting new residents as well as providing current residents a beautiful and safe place to live. We keep the parks well maintained to continue with that small town atmosphere. We hope that the well maintained parks and recreation areas create a welcoming space for residents to come together with their neighbors, families, and friends.

DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16

CORE VALUES:

- *Safety and welfare of Town personnel and general public
- *Upkeep of Town historical buildings and other buildings
- *Maintenance of proper air quality throughout Town buildings, including a/c, ventilation, heating, etc.
- *Support of special events put on by Recreation Department
- *Maintenance of facility lighting

Our mission in Facilities Maintenance Division is to provide safe and well maintained public spaces in order to enhance visitor and staff users' experience. In keeping with our small town atmosphere, personnel promptly and courteously responds to calls for service.

We keep the Town looking "fresh", and we run the Division as efficiently as possible. We are pro-active in our maintenance by using inspection forms when checking buildings and playgrounds on a regular basis. We regularly paint and pressure clean, keep buildings well lit, and the plumbing functioning. This Division also manages the majority of contract vendor services which include A/C maintenance, custodial services, pest control, and building security systems.

We setup for special events, decorate for the holidays and prepare for hurricanes. This is the most versatile Division in Public Works.

Our clean buildings, parks, and Marina make Lake Park an inviting place people want to visit year round.

This information that is provided here is to help ensure the bigger picture is understood.

The parking meter ticketing process also provides 12 hours a day patrol, six days a week, for the parks and Marina.

Collections and equipment checks are done every Thursday. The kiosks are self-diagnosing and communicate problems with low batteries, coin jams and tampering to staff in real time so problems are addressed rapidly.

For the first five years of the program, the meters required very few repairs outside routine maintenance. However, the system has reached an age where major repairs requiring component replacement are occurring more frequently.

The presence of a Town official on patrol during weekends and evenings provides a greater level of security to all who enjoy using the parks and Marina.

COMMUNITY DEVELOPMENT (GF 500)

DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES

FISCAL YEAR 2015-16

The Community Development Department is committed to delivering personalized service while encouraging a safe, well-designed and well-maintained physical environment in an effort to facilitate balanced growth, preservation and revitalization.

The Town's Community Development Department is divided into three divisions: [Planning and Zoning](#), [Building](#), and [Code Enforcement](#)

"THE ONE-STOP SHOP"

What is Planning?...and What is Zoning?

ZONING

The Town's zoning is regulated by the Town's Code of Ordinances. These zoning regulations regulate land use across the Town and shape buildings and neighborhoods. They are needed tools for preservation and physical and economic development. They ensure the public's health, safety and welfare.

PLANNING

Planning is a process that helps communities solve problems, protects important community features, and guides how the community will grow and change in the future. The Town's Community Development Department plays a key role in ensuring that the community's voice is heard; that key stakeholders are properly informed and engaged; and that the community's vision and resources are maintained for years to come.

In the upcoming fiscal year, the Town's Planning and Zoning Division, through the direction of the Town's Community Development Director and the assistance of the Town Planner and administrative staff, will continue to work on various projects namely, the Mixed-Use Overlay Zoning District; and additional Code modifications that will serve to provide current and innovative practices. In addition, staff will continue to work with interested stakeholders in the development and redevelopment of parcels in the Town to improve the Town's aesthetic and increase property values. Several development projects are currently in the pipeline and Town staff will continue to work with the various stakeholders in order to ensure viable developments. In addition, a continued focus on effective customer service methods will continue to be used in order to ensure the retention of existing businesses.

BUILDING

What is the Building Division?

The Building Division employs the necessary personnel to make certain that residential, commercial and industrial structures and uses are properly constructed and meet all local, State and Federal requirements through the processing of all related permit applications and inspections. For example, a commercial big box store such as the Kohl's department store located in Town generated the following:

Approximately 25 building permits ranging from the initial land clearing permit to the general construction permit and the various permits for each trade (mechanical; plumbing; electrical, and so on). This type of project, which would have initiated in the Planning and Zoning Division referenced above, generated approximately \$65,000 in building permit and review fees to the Town and increased the property value more than 6 million dollars and the tax base more than \$200,000, with close to \$20,000 being provided to the Town. The Town's Building Division plays a key role in ensuring all projects, whether large or small, are adequately permitted and appropriately stored in our database.

Fiscal Year 2015/2016 is important to the Town because it will certainly present itself as a year with economic opportunity that will hopefully help initiate the creation of a sustainable economic base for the Town for years to come, through projects that will be completed in their construction phase and new projects that may be focused along our envisioned Mixed-Use Federal Highway corridor.

The Building division also ensures that all businesses are properly registered with a local business tax receipt. A business tax receipt is proof of payment of a business tax and is required within 30 days of business opening. The application process protects the Town's neighborhoods by ensuring that the proposed use is compatible with the surrounding area and by ensuring that the proposed use meets any applicable Florida Building Code or Palm Beach County Fire Prevention Code regulations. **In the 12-month period ranging from May 2014 through April 2015, the Town's Building Division, through building permits, new business tax receipts and associated fees, generated a total of over \$160,000!**

CODE ENFORCEMENT

What is Code Enforcement?

Code enforcement is a complex process that involves the joint efforts of the department Director, Code Compliance Officers, Planner and administrative staff. The Planner plays a key role in delivering zoning information which is sometimes time sensitive in the initial stages of a Code enforcement citation, thereby enforcing the need for the Planner to be a full-time position. Code enforcement is a very important function for the Town to accomplish Town-wide goals. It helps empower the citizens of the community to create and maintain safe, healthy and attractive life and work environments. The aim of Code enforcement continues to be to help improve neighborhoods and economic conditions so that the community is known as a good place to live, retire to, raise families, work and play. Code enforcement assists the Planning and Zoning Division in making sure the Town code requirements are being abided by; assists the Building Division in ensuring the necessary building permits and business tax receipts are applied for and abided by; and enforces ALL other sections of the Town's regulations while working with any other Departments, law enforcement or external agency personnel as needed. While the Code Enforcement Division PREFERS to educate and work with property owners to achieve compliance, this is not always possible and a Special Magistrate hearing is sometimes necessary and aids to further document an active violation which sometimes then leads to a fine being recorded on a property if compliance is not attained. A significant amount of administrative follow-up is required in these cases and while the process may be lengthy and it may seem staff is not reacting to a particular issue, due process is legally required to ensure fair and equitable enforcement.

In summary, all three divisions are IMPORTANT and REQUIRED in order for the Community Development Department to operate effectively and extend the needed support services to the community at large...with four main core values in mind: (1) Preserve and improve the character of our residential, commercial and industrial neighborhoods through viable developments and forward-thinking codes; (2) Promote sustainability through environmental initiatives, business growth and retention and a diversified housing stock and adequate level of service standards; (3) Promote a positive community appearance through effective education and code enforcement; and (4) Promote effective customer service

	<p>The existing Administrative Assistant position in the Community Development Department was changed to a "generalized" position in FY 14/15. It was envisioned that all Administrative Assistants are interchangeable. The previous position title in the Community Development Department was "Administrative Assistant to the Community Development Director". This position title was initially created with the intent that it is specialized due to the unique responsibilities related to code compliance lien reporting/tracking; planning and zoning board liaison, research and technical meeting transcriptions and report writing responsibilities; as well as acting status in the extended absence of the Department Director (just to name a few). In an attempt to restore a much-needed position title that is better catered to the unique job duties/responsibilities relevant to the Community Development Department, a first request would be to restore the position's job title, but this time to "Assistant to the Community Development Director" thereby creating a higher position that would better serve the Department Director on a more technical/administrative level. The salary range for this position, as reviewed by the Human Resources Department is \$18.63-\$25.07 per hour. The existing employee is earning \$18.41 per hour and the employee handbook allows for a 5% increase, for a total of \$19.33 per hour. Annually, this translates to an increase in \$0.95 per hour = 1,914. Consequently, a second request would be to increase the newly-titled position to \$19.33 per hour. Account # 500-12000.</p>	Position title change to restore and promote the duties and responsibilities necessary for a more effective operation and provide fair compensation based on job duties and responsibilities.	\$ 1,914

Schedule 5

Project Title	Description and Justification	Revenue	Cost
	<p>Pursuant to recent discussions, there may be a need to explore additional evening and weekend enforcement through additional code enforcement personnel. A proposal for one additional full-time code enforcement officer to cover evenings, Monday through Friday, 4:30-9:30 or other times as needed (5 hours per day), as well as on Saturday and Sunday (7.5 hours per day), for a total of 40 hours per week is being proposed in Account 500-12000 (Regular Salaries). The starting hourly rate is \$14.57 per hour, which annualizes to \$30,306 plus benefits, for an annual salary of \$30,306, plus benefits which equates to \$41,527 annually. Currently, the Town has two full-time (daytime) officers and with the amount of violations to address on a daily basis, the effectiveness of the operation would suffer if the daytime officer shifts are split to include evenings and weekends, thereby leaving only one full-time officer per daytime shift. With a third officer, there is also an opportunity to create rotating schedules to increase awareness between officers throughout the varying enforcement hours. Through solid leadership and communication between the officers, the Town will have full, effective coverage, but for during the overnight hours. Evening and weekend enforcement will likely be focused heavily on work without permits; commercial vehicles; noise; and events being held without appropriate permits (as some of the main issues).</p>	<p>Value-Added: By providing required enforcement for public safety and welfare and better quality of life for the community</p>	<p>\$ 41,527</p>

Park Avenue Extension (PAE)	The PAE would connect the existing Park Avenue to Congress Avenue by using an alignment through the Town's commercial/industrial area. Palm Beach County has submitted design plans to the Town and was hoping to get an Interlocal Agreement in place by the end of 2014 in order to receive their Board of County Commissioner approval to place the project on the County's 5-year road plan however, this has not yet occurred. Palm Beach County will construct the project; Town will own & maintain in perpetuity the road & drainage facilities once they are constructed & accepted; Town will provide or cause to provide all necessary Right-Of-Way & easements for entire road segment at no cost to County (including property not currently owned by the Town – developer property); Town will provide or cause to be provided all necessary property & easements needed for drainage facilities for the entire road segment at no cost to the County (including developer property). A starting segment of the PAE has been constructed by the adjacent private owner (Congress Avenue Properties - on the northeast corner of Congress Avenue and PAE) and will be turned over to the Town in FY 15/16 (Town will then assume perpetual maintenance and will have full jurisdiction over the roadway. FISCAL YEAR 2015-16**

The Parks and Recreation Department has set goals to establish recreational programs for the community. To start, the focus will be on elementary and Middle School aged children by organizing free “Clinics” to draw the community in and help them to understand “how to register” and be a part of these activities. School involvement is paramount! Going into the schools and talking to children in their classrooms to explain and demonstrate what is being offered and how to join a community program. The High School element will be offered clinics to learn to coach and referee games and gain “Community Service” hours. Emphasis will be on athletes who are playing at the Junior Varsity and Varsity levels of the sport being offered. Eventually, programs will be offered to high school age children with their input as to what sports and activities they would like to participate in. These activities are not solely geared toward sports and athletics, but the Fine Arts will also be incorporated into these programs.

Grant money will continually be sought after for programming and facility renovation or improvement through FRDAP, CDBG and miscellaneous Recreation and Community organizations.

TOWN OF LAKE PARK - ANNUAL BUDGET
LIBRARY (GF 700)
DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16

Activities, Story-times, Movies and other Events

The Lake Park Public Library offers a variety of activities for the entire Lake Park Community, including adult programs, teen programs, exhibits, children's programs and other events. New programs such as the Teen Club and Teen arts enrichment. Adult monthly movies and children's story-times have been very popular and there is still a strong demand by the community for regularly scheduled computers classes. As a part of the Library's Strategic Plan, the library has made an effort to offer an increased number of Adult programs, including additional book discussion groups, craft programs, author visits and speakers of interest on popular topics. In FY14-15, our Library was recognized by Library Journal as a Star Library, the only library in Florida given this rating for the number of services and programs we provide our community with a minimum of expenditure.

Circulation of Library materials

Circulation of children's and youth materials represent a significant increase above adult circulation since the completion of the Teen room and Children's library two years ago.

Expanded Service to Teenagers

Teens have a dedicated room that is used daily for reading, homework and programs. There are 6 computers in the Teen room in addition to wireless access throughout the building. Staff, with financial support from the Friends of the Library have initiated a Teen Club this year.

Funding Plan

Library State Aid is granted by the Florida Legislature and distributed through the Department of State Division of Library and Information Services. This year disbursement of grant awards were two payments, the first in February for 80 percent of the award and the final payment of 20 percent of the award in May. Our award for FY14-15 was approximately \$3000, a slight increase from the previous year's award of \$7900, due to an overall increase in State budget. Grant awards are determined in part by Library budget size and actual expenditures.

According to the current legislative session, the FY15-16 awards are estimated to be slightly reduced.

Staff has consulted with our Library and community partners by way of a Strategic Plan Workshop conducted in March, 2015 which focused on identifying particular areas needing improvements by utilizing a report card style process of feedback and scoring. The results were that the most critical issues were; need for security system for books, computer instruction, operational hours as well additional seating. These critical issues for the most part, require additional staff which can be successfully funded by grants if approached from a project perspective. However, in order to satisfy outcomes projections accurately, the library needs to continue initiate such programs prior to full grant funding. To note, in 2005 the library had more than double the number of full time as well as part time staff. With economic constraints the library staff has shrunk as the need for programs actually increased.

Grants

For the past several years the Library has successfully applied for a number of small grants, such as the Dollar Store grant which was applied towards our summer program for that year. For 2014-15FY, staff will be focusing on grants that support particular programs for both adult and youth. Most recently the library was the recipient of \$250. donation by Sirsi as part of their "Why I love my library" essay contest. TechSoup, a donation clearinghouse for libraries and Museums offered a one year access to Grantstation database, a primary resource for most available grants. We were able to obtain one year subscription for the administrative cost of \$100., which is substantially less than the regular rate of over \$700. annually.

Friends of the Lake Park Public Library

The Friends have traditionally provided supplemental support for Library programs and equipment. The sources of Friends funds are raised through fundraising activities, book sales and generous donations of community members. The Friends are responsible for the renovation of the children's library as well as the creation of the Teen room and guest authors.

Marketing, Outreach

The library employs a number of marketing media to promote library programs and services. Staff self publishes calendars, informational brochures and pamphlets as well as posting library announcements and activities on Town and Library Websites, E-blasts and at Friends and Community Partner events. The library also utilizes social media such as a Facebook and blog pages. Staff has expanded our social media visibility to include improved Readers Advisory services. In addition, the library has several outreach programs at our community partner locations. We have a weekly adult and young adult book discussion at Club100-Haitian Baptist Empowerment Center and story time for younger children as well as programs at Bridges offices, Lake Park Elementary school and local day care centers.

Schuyler and other meeting rooms

The two additional study/meeting rooms provided by the Friends are occupied constantly since their addition two years ago. Students, Community groups, organizations and Library partners all regularly use our new rooms. Yet, on many busy evenings, all available spaces, including the Teen and Children's library are in use for program use simultaneously. The air conditioning unit in the children's room failed some time in November and public works department is currently seeking bids for these repairs. At this time of year, the outside temperature generally reaches 90 degrees or more which limits use of the room during the day and even evening. Since the air conditioning unit for the children's room also serves two meeting rooms, those areas are also affected. Staff is currently reviewing all library policies and will continue to update outdated and ineffective library policies.

Staff Development

Staff development and cross training has been stemmed due to budgetary constraints, however, staff have taken advantage of low or no - cost training such as webinars and other similar alternatives. We expect to seek out grants this year specifically for staff training to provide improved programming to Library visitors.

Technology

Keeping up with technology development is a key part of the Library's mission. It's vital for the library to offer services that are current and compatible with the needs of Library patrons. One of the unfunded proposals in the Library's 2014-5 FY budget is to add three additional part time staff including a technical assistant, as originally proposed two years ago. Town budgetary constraints preclude this proposal from being budgeted, however, staff considers additional staff important to maintaining sufficient service to the community and will continue investigate methods by which to fund or substitute this needed staff. At this point in the FY14-15, there remains approximately \$8000. in Library State Aid that has been applied for and awarded to us specifically for coverage in the youth department. That funding can be carried over into the next FY15-16 and combined with FY15-16 Library State Aid to provide for additional staff. The Library remains committed to providing needed technological access for the community. Staff is requesting a small increase in the overall budget in order to provide for completing computer upgrades that are now essential since Microsoft is no longer supporting XP OS (operating systems). Our E- book collection continues to increase in use and staff still plans to add a download kiosk to provide an additional access point for e-book users.

Volunteers

Library Volunteers are an integral part of the Lake Park Public Library. We are proud of and very grateful to the number of individuals - both adult and teenagers - who have applied to volunteer at our library to assist in a number ways. Our volunteers for tutoring for our Grassroots Workshop exceeded the number of children who were registered for this ad hoc program. In addition, several community organizations have since stepped in to create excellent community programs to provide the needed tutoring and day care assistance in Lake Park. Staff has modified and streamlined our Library volunteer program to improve the volunteer experience and better coordinate with our Community organizations and partners.

Mission

To promote knowledge and preservation of information; make available materials which aid in the pursuit of education, information, research and recreation; and provide the community with skilled guidance in navigating all information to fulfill knowledge needs.

Vision

To cultivate and foster in the community an enthusiasm for knowledge and an atmosphere that promotes lifelong learning

Motto

This is where education continues after school ends; where readers are grown from the time they are young; and where doors are open for everyone.
 This is YOUR library.

Recap _____

The Insurance Fund is an Internal Service Fund. This Fund functions as a distributor of the Workers Compensation and the Property and Causality insurances for the Town. The expenses in the Fund are the result of payment of the referenced insurance bills and the revenues are the distributions of those expenses, via a matrix, to the various funds and departments.

TOWN OF LAKE PARK

ANNUAL BUDGET

STREETS AND ROADS FUND

FISCAL YEAR

October 1, 2015 through September 30, 2016

TOWN OF LAKE PARK - ANNUAL BUDGET
PUBLIC WORKS - STREETS & ROADS (Fund 190)
DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16

CORE VALUES:

- *safety and welfare of Town personnel and general public
- *maintenance of sidewalks
- *maintenance of roadway signage (including school zone signs)
- *maintenance of proper roadway markings
- *maintenance of street lighting systems
- *maintenance of roadway integrity (pothole repairs, roadway repairs, etc.)

Possibly the first sign you see in Lake Park is the one under the Grand Archway at Federal Highway and Park Avenue. The Streets and Roads Division maintains all the public signs throughout the Town.

Directional and street signage lead to public facilities or the old street where many Lake Park residents grew up.

Street lighting is checked on a regular basis, keeping roadways and pathways safe at night. Faded, worn signs are replaced showing the way, with new highly reflective materials.

Street pot holes and sidewalks are repaired by this Division along with grinding down trip hazards in these travel ways.

Safety is this Division's highest priority. Performance is measured by the lack of complaint and liability claims.

STORMWATER UTILITY FUND

FISCAL YEAR

October 1, 2015 through September 30, 2016

TOWN OF LAKE PARK - ANNUAL BUDGET
PUBLIC WORKS - STORMWATER UTILITY (Fund 402)
DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16

CORE VALUES:

- *Safety and welfare of Town personnel and the general public
- *Protection of property by maintaining the stormwater infrastructure system
- *Maintenance of records and maps for NPDES permitting and compliance with all federal, state, and county regulations
- *Identification of illicit discharges into system

The Stormwater Utility funds personnel and equipment to maintain the stormwater infrastructure on Town owned and maintained properties which include roadway street sweeping, roadway storm pipe systems and swales and stormwater detention ponds. By efficiently maintaining this stormwater related infrastructure, safety and health of the public by reducing of standing water on roadways and reducing mosquito infestation.

Storm drainage grates are routinely cleaned during periods of heavy rainfall. The quality of the storm-water discharge is improved by routine maintenance and inspections thus making water activities more enticing.

The maintenance of the stormwater infrastructure keeps the Town compliant with Federal, State and County regulations.

The annual National Pollution Discharge Elimination System (NPDES) report requires data on the lengths of pipe cleaned, the square footage of swales regraded, the amount of debris collected both by street sweeping and storm drain cleaning. Future NPDES requirements as well as master planning drainage improvements will require storm pipe videoing in advance of repairs.

The measures of success of this program is the reduction of standing water, the absence of visible debris accumulation on storm grates, satisfaction of NPDES requirements and potential reduction in flood insurance rates.

TOWN OF LAKE PARK - ANNUAL BUDGET
SANITATION FUND (FUND 404)
DEPARTMENTAL METRICS, FUNCTIONS, & PERFORMANCE MEASURES
FISCAL YEAR 2015-16

CORE VALUES:

- * Safety and welfare of Town personnel and general public
- * Responsive and efficient collection services for residents and businesses
- * Coordination with vehicle maintenance division to ensure reliable and safe collection vehicles
- * Having well trained, competent and safety minded employees who are focused on public health and safety
- * Working alongside fellow DPW divisions to keep the Town cleaned and maintained to highlight its beauty

The Sanitation Division is made up of two subdivisions - the residential services subdivision and the commercial services subdivision. In addition to sanitation services, the Division supplements the General Fund Grounds Maintenance operation by providing personnel to do heavy pruning, mowing, and weeding at least twice per week. This is part of the Division's commitment to doing "whatever it takes" to help keep the Town greenways and commons beautiful.

The Residential Sanitation subdivision provides solid waste collection services to single family and small apartment residential properties in Lake Park. Our services include household garbage collection twice per week as well as collection of vegetation, bulk trash and recyclables once per week. This subdivision provides these services via a team of multi-skilled personnel and a fleet of eleven vehicles, each of which are designed for specific purposes.

The Commercial Sanitation subdivision is responsible for collection and disposal of all business-generated solid waste and cardboard recyclables within the Town. The subdivision also provides clean, well maintained dumpsters to the Town's commercial customers, promotes public safety and health by its prompt, regularly scheduled waste collection and disposal. The subdivision prides itself on its professional, friendly customer service and constantly strives to tailor services to customers' needs in order to help control the expenses of the Town's business stakeholders.

The performance of these Divisions is measured by several metrics, including customer satisfaction. The fewer phone calls from customers to Public Works Administration, the better. When a potential issue arises, we are dedicated to expedient resolution. Performance is also measured by our safety record - which is measurably excellent. In fact, it is anticipated that property and casualty insurance rates will decline based upon the last three years of safe operations.

Summary Explanation/Background:

Florida Statute requires each municipality to establish a "Current Year Proposed Operating Millage Rate". This millage rate is the highest rate that could be enacted at the budget hearings without the municipality having to send a separate mailing to each resident. Florida Statute also requires each municipality to set by motion the date, time and place of the first public budget hearing.

Recommended Motion:

I move that we set the current year proposed millage rate at 5.9447 mills, and that we are restating that the date, time and place for the first public budget hearing is set for September 3, 2015, at 6:30 pm, here in the Town Commission Chambers.
