PUBLIC HEARINGS - ORDINANCES ON FIRST READING:

3. Ordinance No. 13-2014 Repealing Chapter 2, Article I, Section 2-4 of the Town Code Entitled Provisions for Processing Public Records Request.

Town Clerk Mendez explained the item (see attached Exhibit "A").

Commissioner O'Rourke asked if there would be a centralized area or person where public records could be made and maintained.

Town Clerk Mendez explained that there would not be a centralized area or person where public records could be made and maintained as recent changes to the Public Records Law made the custodian of a record responsible for making it available in response to a public records request.

Mayor DuBois asked if the Commission should interpret any question that comes through email, or verbally as a public records request and is there a timeframe set to respond to the request. Town Clerk Mendez explained the Florida State Statute 119 does not define what a reasonable amount of time is to fulfill a request. The goal is to be response to a requestor and not deny anyone the right to access public records.

Town Manager Sugerman explained that historically the Town Clerk had been identified as the custodian of record, but under the statute, the Town would not be in compliance if it continued to identify the Clerk as the custodian of record. He gave the example of a member of the public asking an employee in the Finance Department for a copy of the Town Manager's pay stub. Since the Finance department is the department where those records are kept, the staff member in the Finance Department should make that public record available. However if an employee mowing the lawn at the park is approached and asked for the same information (the Town Manager's pay stub), that employee is not the custodian of that record. In this example, the employee would explained that they are not the custodian of that record, but would direct them to where that record could be located or to the Town Clerk. He explained that if a Commissioner were asked for a record that they are not the custodian of, the Commissioner can direct that requestor to the custodian of that record or to the Town Clerk.

Commissioner O'Rourke asked for clarification as to why the Town would not have one centralized source where a request can be made and kept track of to ensure that request are being responded to.

Town Manager Sugerman explained that the Town has an obligation to follow the law. We would be training all employee to be sure that the Town complies with the law. He explained that a Marina dock attendant employee was asked for a copy of a slip dockage agreement. The employee told the requestor that they had to go to Town Hall to make their request, even though the slip dockage agreements are kept at the Marina. The employee violated the law by telling the person to go to Town Hall to get a copy of the dockage agreement when in fact the Marina was the custodian of that record. He explained that as part of the training, employees would be told that if they are confused or

unsure about a request that they can call the Town Clerk or their supervisor for assistance.

NEW BUSINESS:

4. A Request from the Event Organizers of the Lake Park Seafood and Music Festival to Waive the Facility Rental(s) and Parking Meter Fees.

Community Development Director Nadia DiTommaso explained the item (see attached Exhibit "B").

Commissioner Flaherty asked if something were to happen, does the Town keep the deposit. Recreation Manager Kathleen Carroll explained that all of Lake Shore Park would be rented and the deposit would cover the cost should anything happen during the event.

Mayor DuBois asked if the event could be held in Kelsey Park instead of Lake Shore Park so that the adjacent residents would not be negatively impacted with the live music being played.

Larry Marble and Johnny Ringo the event organizers explained that the live performance of the country music group Montgomery Gentry would end at 7:00 p.m. on Sunday, November 23rd. He explained that the power acoustics being used would not be the same type of music that is heard at an amphitheater such as the Cruzan Amphitheater. He stated that from 7:00 p.m. until 9:00 p.m. a disc jockey would play music.

Vice-Mayor Glas-Castro asked how parking would be handled. Mr. Marble explained that arrangements have been made with the property owner at US 1 (Federal Highway) and Northlake Blvd. to use their parking lot and grass field as overflow parking. He stated that Molly's Trolley would be used to shuttle people back and forth from the event to the parking lot.

Vice-Mayor Glas-Castro asked if their request including parking along Park Avenue. Mr. Marble stated that he had forgotten to include parking along Park Avenue, and would like to include that part of the request now.

Vice-Mayor Glas-Castro saw that V.I.P. tickets are being sold and asked if the area closest to the stage was being roped off for those that purchase tickets. Mr. Marble explained that the V.I.P. area would be tented alongside of the stage with tables and chairs and would not obstruct the public's view of the stage.

Commissioner Rapoza asked Mr. Roger Michaud to explain his affiliation with Mr. Marble. Mr. Roger Michaud, President of the Lake Park Kiwanis Club, introduced himself and explained the Lake Park Kiwanis Club is a non-profit organization that serves the Lake Park community. He stated that the Lake Park Kiwanis Club affiliation with Mr. Marble was for fundraising efforts for this event.

Mayor DuBois clarified that this event was being heard by the Commission because of the request to waive parking, indoor pavilion, and rental fees.

Commissioner Rapoza asked why they are not going to use Kelsey Park instead. Recreation Manager Carroll explained that there would be an event the weekend before at Kelsey Park and Public Works would need more time to prepare the grounds for another event.

8. Resolution No. 38-10-14 Award of Marina Seawall Construction Inspection Service Contract (RFP 106-2014)

Public Works Director Dave Hunt explained the item (see Exhibit "D").

Mayor DuBois asked if the contractor had any experience with the chemical grouting that would be used.

Public Works Director Hunt explained that he does not have any personal knowledge that the contractor had experience with the chemical grouting. He explained that the inspection services aspect of this contract was important, as it would determine which areas needed remediation. He stated that staff looked through the bids for a contractor that had experience with geotechnical background.

Town Manager Sugerman explained that the subcontractor that the contractor would be using was the same subcontractor that the Town used during the demonstration projects earlier this year.

Mayor DuBois asked if the seawall panels and pillars do not extend to the complete design depth allowing the flow of material to be washed out; was there a plan for remediation. Public Works Director Hunt explained that yes the original contractor provided unit pricing based on the amount of product anticipated.

Town Manager Sugerman explained this item (see Exhibit "E").

Commissioner O'Rourke asked if the two contracts could have been approved without Commission approval, since separately they are within the Town Manager's spending authority. Town Manager Sugerman explained that separately the two contracts are within his spending authority, but combined they equal a total of \$10,487. He explained that the Palm Beach County Inspector General's Office may question the fact that a total of \$10,487 was spent on the Alan Gerwig & Associates contracts although the Town Manager's spending authority was only \$10,000.

Town Manager Sugerman stated that each of these contractors also have local offices in Florida.

The Commission came to a consensus to conduct the legislative workshops on the same dates as the regular Commission meeting nights during the month of November.

Commissioner O'Rourke had no comments.

Commissioner Rapoza stated that at the last meeting, she asked why the Palm Beach Post had referred to Lake Shore Park as Kelsey East and staff did not know. She stated that she spoke with the editor at the Palm Beach Post and they stated that they would correct the name of Lake Shore Park in the paper. She stated that the editor explained that as a municipality the Town would not be charged to advertise any Town sponsored events. She stated that the editors email address is crose@pbp.com

Mayor DuBois stated that he would contact Mr. Trepp, event coordinator of the Chili Cook-off to notify him of advertising in the Palm Beach Post neighborhood section.

Commissioner Flaherty wished everyone a safe Halloween.

Vice-Mayor Glas-Castro stated that she received an email from the Library Director regarding the Read for the Record event, which was scheduled on Tuesday, October 21st.

In the flyer, she was listed as one of the participants, but no one has confirmed her availability.

Town Manager Sugerman stated that he would have the Library Director's supervisor follow up and clear up all the confusion.

Mayor DuBois stated that at the Palm Beach County Board of County Commissioner meeting last week the Board asked their staff to begin the process of joining the South Florida Regional Council therefore no longer participating as a member of the Treasure Coast Planning Council. He stated that it came as a surprise to him since Palm Beach County has been a member of the Treasure Coast Planning Council since 1976. He stated that the Community Watch had a great meeting last week where the Smart Water program was explained and some samples were distributed.

Summary Explanation/Background: Florida State Statute Chapter 119 known as the “Public Records Act” provides a public right of access to any public record which is made or received in connection with communicating the official business of any public agency. The Legislature seems to change the Public Records Act quite often causing the Town Code to easily become outdated. In order to keep current, staff is recommending repealing the current but outdated section of the Town Code.

Staff has reviewed Town Code chapter 2, article I, section 2-4, which is in conflict with F.S.S. 119. Staff will be recommending the adoption of a resolution, which will follow current Florida State Statute on the Public Records Act. Staff is recommending repealing this section of the Town Code and adopting the proposed ordinance to avoid a conflict with state law.

Recommended Motion: I move to adopt Ordinance 13-2014 on first reading.

Summary Explanation/Background:

A special event permit application was submitted by Larry Marble and the Lake Park & Jupiter Kiwanis on September 22, 2014 to the Community Development Department. As an added note, it is important to recognize that this event is proposing live entertainment throughout both days, with a main country band performance from 6pm-9pm on Sunday evening. While the Code exempts public performances being conducted in conjunction with a special event permit under Section 10-161(2) from meeting the noise levels in the noise ordinance, it is important to recognize that above-normal noise levels will project from the park area on both event days.

Summary Explanation/Background:

Staff is requesting that the Town Commission award the Building Official, Inspections and Related Services contract to HyByrd, Incorporated with a monthly compensation equal to seventy-five percent (75%) of the building permit, inspections and related fees generated by the Community Development Department. Over the past two fiscal years, these services have averaged

approximately \$110,000. Therefore, by example, a 75% compensation percentage would be equal to \$82,500 annually/\$6,875 monthly. If additional hourly services, not associated with building permits, are requested either by the Town for a Town project, or by a property owner for a project on private property, these services would be compensated on an hourly basis pursuant to the hourly rates of the enclosed contract. The term of the contract will commence on November 1, 2014 and run for two years, with one, two-year renewal option.

The Town has historically contracted for Building Official, Inspections and Related Services. For the past twelve years, the Town has contracted with HyByrd, Incorporated with the latest contract running through October 30, 2014. In order to keep the services competitive, the Town solicited proposals through a Request for Proposal (RFP) process. The RFP required the following:

1. A list of five (5) client/customer references providing the client/customer name, address, project representative and telephone number for clients served within the past three (3) years of which at least three (3) must be governmental entities. Include a brief description of the services performed for each client/customer for whom the proposer has provided similar services as set forth in the proposer's proposal documents, and which is verified by the Town.
2. List of equipment and facilities available to do the work.
3. Evidence of valid state, county and local licenses and receipts (as applicable) proving authority to conduct business in the jurisdiction of the work (even if a transfer of licenses to the State/jurisdiction is required).
4. List of experience and personnel requirements.
 - Building Official, with a minimum of 10 (ten) years experience in the construction industry, who is responsible for ensuring compliance with the Florida Building Code; federal, state and local ordinances; and statutes regarding health, safety and welfare; and Federal Emergency Management Contractor requirements.
 - Plans examiner, with a minimum 5 (five) years experience in the construction industry, who will enforce the current Florida Building Code and Town of Lake Park Code of Ordinances, specifically including the Zoning Code regulations in working with Community Development staff.
 - Building inspector(s), with a minimum 5 (five) years experience in the construction industry, who shall have knowledge of, and comply with, the laws and regulations relating to the enforcement of the current Florida Building Code and the Ordinances of the Town.
 - Qualified individuals to perform the additional service tasks as listed
5. A proposed organizational chart (or other) identifying professionals to provide building official, plan review, building inspection and related services for the Town and their area of responsibilities and certifications.

The RFP also detailed that the selected firm would be expected to adhere to the following performance standards:

1. Responses to public inquiries (within one business day or scheduled appointment during on-site office hours).
2. Plan review (within three calendar days, unless the nature of the permit requires more extensive review/research)
3. Inspections (all inspections to be scheduled on the next business day for requests made prior to 4:00 p.m. the prior day).
4. Under normal circumstances, all inspections shall be conducted within the normal business hours of 8:30am to 5:00pm, Monday through Friday, and inspection results made available by 10:00am the following business day.
5. Proposer shall provide a Building Official and/or Building Inspector on-site at Town Hall for a minimum of one (1) hour, five (5) days each week and be available by telephone or on-call for emergency situations at all other times during regular business hours.
6. Inspector(s), the plans examiner and Building Official shall maintain appropriate licensure in accordance with Florida State Statutes.
7. Workloads for the inspector(s) and plans examiner will vary based on need; and it is expected that inspections performed will also take place during inclement weather, unless natural disaster or unsafe conditions require suspension of such activities by the Town.
8. Efficient and courteous customer service standards are an integral part of public interaction. Requests for information and service shall receive a timely reply. The following standards shall be adhered to or exceeded whenever possible. Responses to customer inquiries will be provided within one (1) business day of receipt. Customer appointments shall be promptly attended as per pre-scheduled times.
9. All personnel performing services shall be able to understand, converse and write the English language and must be legally able to work in the United States.
10. The proposer shall work with the Town to continuously upgrade a program of disseminating information to keep contractors and members of the public aware of any and all code changes, and the logic underlying the changes.
11. Employees of the proposer shall maintain all necessary licensure and certifications required to perform under the contract.
12. All sketches, tracings, drawing, computation details, designs, calculations, records from inspections, work papers and other documents and plans that result from the proposer providing services shall be the property of the Town.

13. The proposer shall coordinate activities with the Florida Building Commission as needed.
14. The proposer shall coordinate activities with the Palm Beach County Fire Department Staff as needed.
15. The Town prefers that the Firm review and maintain all records required by the Federal Emergency Management Agency (FEMA) in association with the processing of building permits in the format required by FEMA.
16. The Town prefers that the proposer maintain the necessary education/certification and data to ensure an acceptable ISO (Insurance Service Office) rating.

A total of three submittals were received by the bid opening of Thursday, September 18 at 3:00pm: Calvin, Giordano, & Associates, Inc.; HyByrd, Inc.; and M.T. Causley, Inc. All submittals were responsive. A scoring of each proposal was performed and the results of the scoring is illustrated on the enclosed score table. The scoring was evaluated based on the evidence of qualifications and experience of the firm; references provided; location considerations; and contract price (cost-sharing and hourly). The scoring is based on a 100 point scale. The higher the number, the better the rank.

HyByrd, Inc. scored the highest, M.T. Causley, Inc. placed second, and Calvin, Giordano & Associates, Inc. scored third. When one looks closer into what made up the scoring, one finds that HyByrd's hourly rates for additional services average \$60/hour, while M.T. Causley's hourly rates for additional services average \$80/hour. HyByrd's rates would provide some cost savings to the town for town projects, and to property owners for projects on private property. While M.T. Causley's proposal includes a 70(firm)/30(town) cost-sharing split, and HyByrd's includes a 75(firm)/25(town) split, HyByrd is located in Palm Beach County with a proposal that clearly describes the various Building Officials; Building Inspectors; and Plan Reviewers on staff and their respective years of experience, along with copies of their licenses. M.T. Causley's proposal includes notations evidencing that the RFP personnel requirements will be met, but a breakdown of the firm's personnel and their respective licenses was not provided.

It is important to note that HyByrd's public crimes form was submitted and signed however, the statement box was not checked. This does not represent a substantive deficiency and will be rectified upon contract award. The Town's required insurance limits are also required upon contract award.

Staff recommends that the Building Official, Inspections and Related Services contract be awarded to HyByrd, Incorporated for a two-year term commencing November 1, 2014, with a 75(firm)/25(town) cost-sharing compensation and hourly services compensated at the contract rates.

Recommended Motion: I move to authorize the Mayor to sign the contract with HyByrd, Inc. for Building Official, Inspections and Related Services, as detailed in the enclosed contract.

Summary Explanation/Background:

The contract work for the remediation of the Lake Park Harbor Marina seawall and walkways is scheduled to begin in the latter part of October. In order to ensure that the contractor performs to the engineered plans and specifications, the Town must employ a professional inspection services firm to serve as an independent third party to protect the Town's interests.

The inspection services firm will have personnel present while work is underway on the key geotechnical and structural elements of the remediation project. A professional engineer will review the daily inspection reports and submit weekly progress reports to the Town and to the building official. At the completion of the project, the firm shall submit a certificate of compliance to the building official, stating that the work was completed in accordance with the permitted drawings.

Town staff prepared and advertised a request for proposals (RFP No. 106-2014) for these professional construction inspection services. The RFP estimated the amount of time that would be spent in the field inspecting the contractor's work. These time estimates are subject to change depending upon the conditions encountered by the contractor. During the bid process an addendum was issued that deleted or reduced some of the requested inspection services. The addendum also added the task of having a professional engineer certify that the job was done in accordance with the permitted drawings. With the approval of this request, the Town will have one contract, with one inspection firm, to monitor the construction work through all six phases without delaying the contractor.

Six firms responded to the RFP and three were considered responsive based upon their complete submittal. The three firms deemed non-responsive did not submit bid bonds per the RFP requirements.

GFA International, Inc. submitted the lowest estimated cost of the three responsible, responsive firms. Their submittal was reviewed for completeness and for their referenced ability to perform the work responsibly. Staff recommends awarding the Marina Seawall Construction Inspection Services Contract (RFP No. 106-2014) to GFA International Inc. in the amount of \$43,185.00.

Due to the engineer's inability to view all the subterranean conditions while preparing the project documents, a number of assumptions had to be made. These unknown conditions will affect the time estimates given for inspection services in the RFP. To allow for extra time to monitor the contractor's activities due to unforeseen conditions, it is advisable to have a twenty percent contingency available for this contract in the amount of \$8,637.00.

Recommended Motion: I move to adopt Resolution No. 38-10-14 and to establish a contingency of \$8,637.00.

Summary Explanation/Background:

We are about to get the actual seawall and sidewalk remediation work underway at the Lake Park Harbor Marina. A contract in the amount of \$6,110.00 for the design of the replacement sidewalk was already approved with Alan Gerwig & Associates, Inc. The design has been completed and a general contractor has been awarded a contract to install the new sidewalk. Best practices require that while the sidewalk is being installed, the Town should have independent inspection services keeping an eye on the contractor doing the sidewalk installation. The best firm to inspect the work is the same firm that designed the work.

Alan Gerwig & Associates, Inc. has proposed to do the construction inspection for \$4,377.50. This amount is within the spending authority of the Town Manager. However, when one puts the cost of the original design of the sidewalk together with the cost of the inspection of the construction, that total comes to \$10,487.50, which exceeds the Town Manager's spending authority by \$487.50.

While it would have been possible for the Town Manager to sign the enclosed, full disclosure to the Town Commission about his spending authority being capped at \$10,000.00 is very important and this is frankly an issue about transparency.

This item is being "walked on" to the Commission agenda because the proposal for inspection services was received after the Commission packet for the meeting of October 15th was already distributed. If it was not "walked on" it would have had to wait for the November 5th Commission agenda to be properly scheduled and actually placed on an agenda. Staff did not want to lose the three weeks between this Commission meeting and the November 5th Commission meeting for a lack of authority over the spending of \$487.50 above the Town Manager's authority.

Recommended Motion: I move to authorize the Town Manager to sign the Requisition to Purchase and to accept the proposal from Alan Gerwig & Associates, Inc. in the amount of \$4,377.50 for sidewalk inspection services associated with the Lake Park Harbor Marina remediation project.

 - a. Assist the Consultant by placing at its disposal all available information pertinent to the Project including previous reports and any other data relative to studies, design, or construction or operation of the Project.
 - b. Furnish to the Consultant, as required for performance of the Consultant's Services (except to the extent provided otherwise in the "Scope of Services"), data prepared by or services of others, including without limitation borings, probings and subsurface explorations, hydrographic surveys, laboratory tests and inspection of samples, materials and equipment; appropriate professional interpretations of all of the foregoing; environmental assessment and impact statements; property, boundary, easement, right-of-way, topographic and utility surveys; property descriptions; zoning, deed and other land use restrictions; and other special data or consultations; all of which Consultant may use and rely upon in performing services under this Agreement.
 - c. Provide Consultant surveys to establish reference points for construction (except to the extent provided otherwise in "Scope of Services").
 - d. Arrange for access to and make all provisions for the Consultant to enter upon public and private property as required for the Consultant to perform services under this Agreement.
 - e. Furnish approvals and permits for all government authorities having jurisdiction over the Project and such approvals and consents from others as may be necessary for completion of the Project.
 - f. Furnish to the Consultant data or estimates as to the Client's anticipated costs for services to be provided by others as required for the Consultant to support opinions of probable total Project costs.
 - g. Attend the pre-bid conference, bid opening, pre-construction conferences, construction progress and other job-related meetings and substantial completion inspections and final payment inspections.
 - h. Give prompt written notice to the Consultant whenever the Client observes or otherwise becomes aware of any development that affects the scope or timing of Consultant's services, or any defect or nonconformance in any aspect of the Project.
 - i. Bear all costs incident to the responsibilities of the Client.

2. **Period of Services.** This Agreement has been made in anticipation of conditions permitting orderly and continuous progress of the Project through completion of the Services. The Consultant shall begin work in a timely manner after receipt of a fully executed copy of this Agreement and will complete the Services described in "Scope of Services" within a reasonable length of time. The times for performance shall be extended as necessary for periods of delay or suspension resulting from circumstances the Consultant does not control. If such delay or suspension extends for more than six months (cumulatively) for reasons beyond the Consultant's control, the rates of compensation provided for in this Agreement shall be renegotiated.

3. **Compensation for Services.**
 - a. The Consultant's compensation shall be as stated herein, unless otherwise provided in "Scope of Services". The Client shall pay the Consultant an amount based upon the Consultant's then-current hourly rates plus an amount to cover certain direct expenses including in-house duplicating, local

mileage, telephone calls, facsimiles, word processing, and postage. Other direct expenses will be billed at 1.15 times cost.

- b. If the Consultant's compensation is on an hourly basis, the parties may have estimated in Exhibit A costs and expenses for the various portions of the Scope of Services. Services undertaken or expenses incurred by the Consultant exceeding any estimates shall be the liability of the Client.
- c. The Client shall also be invoiced for and shall pay to the Consultant all taxes, if any, whether state, local, or federal levied with respect to amounts paid hereunder.

4. **Method of Payment.**

- a. Invoices will be submitted by the Consultant to the Client periodically for services performed and expenses incurred. Client is also responsible for payment of any taxes, including sales tax. When the Consultant's compensation is on a lump sum fee basis, the invoices will be based upon the portion of total Services performed at the time of billing. If the Consultant's compensation is on an hourly basis, the invoices shall be based on time expended in providing the Services. Payment of each such invoice will be due within 25 days of receipt. Interest will be added to accounts not paid within 25 days at the maximum rate allowed by law. If the Client fails to make any payment due the Consultant under this or any other agreement within 30 days after the Consultant's transmittal of its invoice, the Consultant may, after giving notice to the Client, suspend services under this Agreement until it has been paid in full all amounts due.
- b. If the Client objects to any charge on an invoice submitted by the Consultant, the Client shall so advise the Consultant in writing giving its reasons within 14 days of receipt of the invoice or all such objections shall be waived, and the amount stated in the invoice shall be conclusively deemed due and owing.
- c. The Client agrees that the payment to the Consultant is not subject to any contingency or condition. The Consultant may negotiate payment of any check tendered by the Client, even if the words "in full satisfaction" or words intended to have similar effect appear on the check without such negotiation being an accord and satisfaction of any disputed debt and without prejudicing any right of the Consultant to collect additional amounts from the Client.

5. **Use of Documents.** All documents, including but not limited to drawings, specifications and data or programs stored electronically, prepared by the Consultant are related exclusively to the services described in this Agreement and may be used only if the Client has satisfied all of its obligations under this Agreement. They are not intended or represented to be suitable for use, partial use or reuse by the Client or others on extensions of this project or on any other project. Any modifications made by the Client to any of the Consultant's documents, or any use, partial use or reuse of the documents without written authorization or adaptation by the Consultant will be at the Client's sole risk and without liability to the Consultant, and the Client shall indemnify, defend and hold the Consultant harmless from all claims, damages, losses and expenses, including but not limited to attorneys' fees, resulting therefrom. Any authorization or adaptation will entitle the Consultant to further compensation at rates to be agreed upon by the Client and the Consultant. Any electronic files not containing an electronic seal are provided only for the convenience of the Client, and use of them is at the Client's sole risk. In the case of any defects in the electronic files or any discrepancies between them and the hardcopy of the documents prepared by the Consultant, the hardcopy shall govern. Only printed copies of documents conveyed by the Consultant may be relied upon. Because data stored in electronic media format can deteriorate or be modified without the Consultant's authorization, the Client has 60 days to perform acceptance tests, after which it shall be deemed to have accepted the data.

6. **Opinions of Cost.** Because the Consultant does not control the cost of labor, materials, equipment or services furnished by others, methods of determining prices, or competitive bidding or market conditions, all opinions rendered as to costs, including but not limited to opinions as to the costs of construction and materials, shall be made on the basis of its experience and represent its judgment as an experienced and qualified professional, familiar with the industry. The Consultant cannot and does not guarantee that proposals, bids or actual costs will not vary from opinions of cost prepared by it. If at any time the Client wishes greater assurance as to the amount of any cost, it shall employ an independent cost estimator. Consultant's services required to bring costs within any limitation established by the Client will be paid for as Additional Services.

7. **Termination.** The obligation to provide further services under this Agreement may be terminated by either party upon seven days' written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party, or upon thirty days' written notice for the convenience of the terminating party. If any material change occurs in the ownership of the Client, the Consultant shall have the right to immediately terminate this Agreement. In the event of any termination, the Consultant will be paid for all services performed to the effective date of termination, all expenses subject to reimbursement, and other reasonable expenses incurred by the Consultant as a result of such termination. If the Consultant's compensation is determined on an hourly basis, the amount payable to the Consultant shall be based on the time spent and expenses incurred on the Project to the effective date of termination. If the Consultant's compensation is a lump sum, the amount payable to the Consultant will be a proportional amount of the total fee based on a ratio of the services done, as reasonably determined by the Consultant, to the total services which were to have been performed.

8. **Insurance.** The Consultant carries Workers' Compensation insurance, professional liability insurance, and general liability insurance. If the Client directs the Consultant to obtain increased insurance coverage, the Consultant will take out such additional insurance, if obtainable, at the Client's expense.

9. **Standard of Care.** In performing its professional services, the Consultant will use that degree of care and skill ordinarily exercised, under similar circumstances, by reputable members of its profession practicing in the same or similar locality at the time the services are provided. No warranty, express or implied, is made or intended by the Consultant's undertaking herein of its performance of services, and it is agreed that the Consultant is not a fiduciary of the Client.

10. **Limitation of Liability.** In recognition of the relative risks and benefits of the Project to both the Client and the Consultant, the risks have been allocated such that the Client agrees, to the fullest extent of the law, and notwithstanding any other provisions of this Agreement or the existence of applicable insurance coverage, that the total liability, in the aggregate of the Consultant and the Consultant's officers, directors, employees, agents, and sub consultants to the Client or to anyone claiming by, through or under the Client, for any and all claims, losses, costs or damages whatsoever arising out of, resulting from or in any way related to the services under this Agreement from any cause or causes, including but not limited to, the negligence, professional errors or omissions, strict liability or breach of contract or any warranty, express or implied, of the Consultant or the Consultant's officers, directors,

RP

employees, agents, and sub-consultants shall not exceed twice the total compensation received by the Consultant under this Agreement or \$50,000, whichever is greater. Higher limits of liability may be negotiated for additional fee. Under no circumstances shall the Consultant be liable for lost profits or consequential damages, for extra costs or other consequences due to changed conditions or for costs related to the failure of contractors to perform work in accordance with the plans and specifications.

11. **Certifications.** The Consultant shall not be required to execute any certifications or other documents that might increase the Consultant's risk or affect the availability or cost of its insurance.

12. **Dispute Resolution.** All claims by the Client arising out of this Agreement shall be submitted first to mediation in accordance with the Construction Industry Mediation Rules of the American Arbitration Association as a condition precedent to litigation. Any mediation or civil action must be commenced within one year of the accrual of the cause of action asserted but in no event later than allowed by applicable statutes.

13. **Construction Phase Services.**
 - a. If the Consultant's services include the preparation of documents to be used for construction and the Consultant is not retained to make periodic site visits, the Client assumes all responsibility for interpretation of the documents and for construction observation, and the Client waives any claims against the Consultant in any way connected thereto.
 - b. The Consultant shall have no responsibility for any contractor's means, methods, techniques, equipment choice and usage, sequence, schedule, safety programs, or safety practices, nor shall Consultant have any authority or responsibility to stop or direct the work of any contractor. The Consultant's visits will be for the purpose of endeavoring to provide the Client a greater degree of confidence that the completed work of its contractors will generally conform to the construction documents prepared by the Consultant. Consultant neither guarantees the performance of contractors, nor assumes responsibility for any contractor's failure to perform its work in accordance with the contract documents.
 - c. The Consultant is not responsible for any duties assigned to the design professional in the construction contract that are not expressly provided for in this Agreement. The Client agrees that each contract with any contractor shall state that the contractor shall be solely responsible for job site safety and for its means and methods; that the contractor shall indemnify the Client and the Consultant for all claims and liability arising out of job site accidents; and that the Client and the Consultant shall be made additional insured's under the contractor's general liability insurance policy.

14. **Hazardous Substances.**
 - a. Services related to determinations involving hazardous substances or conditions, as defined by federal or state law, are limited to those tasks expressly stated in the scope of services. In any event, Consultant shall not be a custodian, transporter, handler, arranger, contractor, or remediator with respect to hazardous substances and conditions. Consultant's services will be limited to professional analysis, recommendations, and reporting, including, when agreed to, plans and specifications for isolation, removal, or remediation.
 - b. The Consultant shall notify the Client of hazardous substances or conditions not contemplated in Exhibit A of which the Consultant actually becomes aware. Upon such notice by the Consultant,

RP

the Consultant may stop affected portions of its services until the hazardous substance or condition is eliminated. The parties shall decide if Consultant is to proceed with the services and if Consultant is to conduct testing and evaluations, and the parties may enter into further agreements as to the additional scope, fee, and terms for such services.

- c. Except to the extent of negligence, if any, on the part of the Consultant in performing services expressly undertaken in connection with hazardous substances and conditions, the Client agrees to hold harmless, indemnify, and defend the Consultant from and against any and all claims, losses, damages, liability, and costs in any way arising out or connected with the presence, discharge, release, or escape of hazardous substances or conditions of any kind, or environmental liability of any nature, in any manner related to services of the Consultant.

15. **Assignment and Subcontracting.** Nothing under this Agreement shall be construed to give any rights or benefits in this Agreement to anyone other than the Client and the Consultant, and all duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of the Client and the Consultant and not for the benefit of any other party. The Client shall not assign, sublet or transfer any rights under or interest in this Agreement, or any claim arising out of the performance of services by Consultant, without the written consent of the Consultant. The Consultant reserves the right to augment its staff with sub-consultants as it deems appropriate due to project logistics, schedules, or market conditions. If the Consultant exercises this right, the Consultant will maintain the agreed-upon billing rates for services identified in the contract, regardless of whether the services are proved by in-house employees, contract employees, or independent sub-consultants.

16. **Confidentiality.** The Client consents to the Consultant's use and dissemination of photographs of the Project and to its use of facts, data and information obtained by the Consultant in the performance of its services. If, however, any facts, data or information are specifically identified in writing by the Client as confidential, the Consultant shall use reasonable care to maintain the confidentiality of that material.

Summary Explanation/Background:

After a declared emergency, FEMA will reimburse municipalities for expenses paid out to a company that provides disaster debris management and support services only if the rates paid are established by a competitive bid process. The Solid Waste Authority of Palm Beach County (SWA) has

awarded Agreement No. 14-244 to Thompson Consulting Services, LLC, based upon their low bid submittal for services in the unincorporated areas. Article 35 of this contract allows for agreements with other governmental entities under the same terms and conditions, for the same prices and for the same effective period as specified in Agreement No. 14-244.

Thompson Consulting Services, LLC has agreed to support the Town during a disaster recovery effort and can be responsible for the overall monitoring of debris collection, if the Town so desires. They shall coordinate with the disaster debris removal contractor and the Town to ensure a compliant, well-managed and organized approach to debris collection and disposal within FEMA guidelines. Thompson Consulting Services, LLC has agreed to enter into an agreement with the Town where both parties agree to be bound by the terms and conditions of the Solid Waste Authority of Palm Beach County Agreement No. 14-244.

No fees are required to maintain this agreement. Funds shall only be disbursed upon receiving services.

Summary Explanation/Background:

After a declared emergency, FEMA will reimburse municipalities for expenses paid out to a company that provides disaster debris removal and disposal services only if the rates used for payment are established by a competitive bid process. Based upon Bergeron Emergency Services, Inc.'s

competitive bid submittal, the Solid Waste Authority of Palm Beach County (SWA) has designated them as one of five, qualified disaster debris removal and disposal companies that will serve portions of the County's unincorporated areas after a major storm event. The SWA awarded Agreement No. 13-253 to Bergeron on August 21, 2013, and it will continue until August 20, 2016. The agreement gives the SWA the option to extend the agreement beyond that date with the approval of the Authority's Governing Board. The Town may extend their Agreement consistent with the Authority's actions.

Article 39 of this contract allows for agreements with other governmental entities under the same terms and conditions, for the same prices and for the same effective period as specified in Agreement No. 13-253.

In the event of a major hurricane or other type of disaster creating large quantities of debris that overwhelms the response capabilities of the Public Works Department, the Town will need to call upon the services of a contractor that specializes in large scale removal. The contract with Bergeron will be one of three disaster debris removal agreements that the Town maintains. It is advisable to have multiple contractors in place so that the Town may engage a firm whose capabilities and expertise are best suited for the type of clean-up required. Bergeron Emergency Services is the only one of the three firms that the Town may choose from that has their main office in South Florida. In the event of a localized storm, Bergeron may be able to respond the quickest to the Town's needs, compared to the out-of-state companies. Keeping disaster remediation funds in the area also helps communities get back on their feet financially after a major storm.

By virtue of the attached letter, Bergeron Emergency Services, Inc. has offered to enter into an agreement with the Town of Lake Park at the same terms and conditions of the SWA Agreement No. 13-253.

No fees are required to maintain this agreement. Funds shall only be disbursed upon receiving services.

Staff recommends approval.

Summary Explanation/Background:

The Town's automobiles, light duty trucks, and small engines are fueled with unleaded gasoline that is blended with 10% ethanol. The Town also has an interlocal agreement with Palm Beach County that allows County vehicles, such as the Sheriff's Department patrol cars, to fuel up at the Public Works (DPW) fueling station. The DPW gasoline pump dispenses from a large capacity, above-ground tank. Last fiscal year, the Town paid \$59,698.00 for the delivery of almost 19,000 gallons of gasoline.

Public Works recommends that for this fiscal year, the Town purchase its gasoline fuel from Palmdale Oil Company, Inc. based upon its competitively bid contract that was approved by the Palm Beach County Board of County Commissioners. Palmdale Oil has agreed to deliver gasoline to DPW for the same terms outlined in the County's Term Contract # 10087.

Recommended Motion:

I move to award the annual gasoline fuel purchases to Palmdale Oil Company, Inc. based upon the terms of Palm Beach County's Term Contract Number 10087.

2. LEGAL REQUIREMENTS

a. **COMPLIANCE WITH LAWS AND CODES:** Federal, State, County and local laws, ordinances, rules and regulations that in any manner affect the items covered herein apply. Lack of knowledge by the bidder shall in no way be a cause for relief from responsibility. The successful bidder shall strictly comply with Federal, State and local building and safety codes. Equipment shall meet all State and Federal Safety regulations. Bidder certifies that all products (materials, equipment, processes, or other items supplied in response to this bid) contained in its bid meets all ANSI, NFPA and all other Federal and State requirements. Bidder further certifies that, if it is the successful bidder, and the product delivered is subsequently found to be deficient in any of the aforementioned requirements in effect on date of delivery, all costs necessary to bring the product into compliance shall be borne by the bidder.

In compliance with Chapter 442, Florida Statutes, any toxic substance resulting from this bid shall be accompanied by a properly completed Material Safety Data Sheet (MSDS).

The Uniform Commercial Code (Florida Statutes, Chapter 672) shall prevail as the basis for contractual obligations between the successful bidder and Palm Beach County for any terms and conditions not specifically stated in the Invitation for Bid.

b. **DISCRIMINATION PROHIBITED:** Palm Beach County is committed to assuring equal opportunity in the award of contracts and complies with all laws prohibiting discrimination. The successful bidder is prohibited from discriminating against any employee, applicant, or client because of race, color, religion, disability, sex, age, national origin, ancestry, marital status, sexual orientation, or gender identity and expression.

c. **INDEPENDENT CONTRACTOR RELATIONSHIP:** The successful bidder is, and shall be, in the performance of all work, services, and activities under this Contract, an Independent Contractor and not an employee, agent, or servant of the COUNTY. All persons engaged in any of the work or services performed pursuant to this Contract shall at all times, and in all places, be subject to the successful bidder's sole direction, supervision, and control. The successful bidder shall exercise control over the means and manner in which it and its employees perform the work, and in all respects the successful bidder's relationship, and the relationship of its employees, to the COUNTY shall be that of an Independent Contractor and not as employees or agents of the COUNTY.

d. **CRIMINAL HISTORY RECORDS CHECK ORDINANCE:** Pursuant to Ordinance 2003-030, the Palm Beach County Criminal History Records Check Ordinance ("Ordinance"), the County shall conduct fingerprint based criminal history record checks on all persons not employed by the County who repair, deliver, or provide goods or services for, to, or on behalf of the County. A fingerprint based criminal history record check shall be conducted on all employees and subcontractors of vendors, including repair persons and delivery persons, who are unescorted when entering a facility determined to be critical to the public safety and security of the County. County facilities that require this heightened level of security are identified in Resolution R-2003-1274, as may be amended. The bidder is solely responsible for understanding the financial, schedule, and staffing implications of this Ordinance. Further, the bidder acknowledges that its bid price includes any and all direct or indirect costs associated with compliance of this Ordinance, except for the applicable FDLE/FBI fees that shall be paid by the County.

e. **PUBLIC ENTITY CRIMES:** F.S. 287.133 requires Palm Beach County to notify all bidders of the following: "A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be

awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in F.S. 287.017 for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list."

- f. **NON-COLLUSION:** Bidder certifies that it has entered into no agreement to commit a fraudulent, deceitful, unlawful, or wrongful act, or any act which may result in unfair advantage for one or more bidders over other bidders. Conviction for the Commission of any fraud or act of collusion in connection with any sale, bid, quotation, proposal or other act incident to doing business with Palm Beach County may result in permanent debarment.

No premiums, rebates or gratuities are permitted; either with, prior to or after any delivery of material or provision of services. Any such violation may result in award cancellation, return of materials, discontinuation of services, and removal from the vendor bid list(s), and/or debarment or suspension from doing business with Palm Beach County.

- g. **LOBBYING:** Bidders are advised that the "Palm Beach County Lobbyist Registration Ordinance" prohibits a bidder or anyone representing the bidder from communicating with any County Commissioner, County Commissioner's staff, or any employee authorized to act on behalf of the Commission to award a particular contract regarding its bid, i.e., a "Cone of Silence".

The "Cone of Silence" is in effect from the date/time of the deadline for submission of the bid, and terminates at the time that the Board of County Commissioners, or a County Department authorized to act on their behalf, awards or approves a contract, rejects all bids, or otherwise takes action which ends the solicitation process.

Bidders may, however, contact any County Commissioner, County Commissioner's staff, or any employee authorized to act on behalf of the Commission to award a particular contract, via written communication i.e., facsimile, e-mail or U.S. mail.

Violations of the "Cone of Silence" are punishable by a fine of \$250.00 per violation.

- h. **CONFLICT OF INTEREST:** All bidders shall disclose with their bid the name of any officer, director, or agent who is also an employee or a relative of an employee of Palm Beach County. Further, all bidders shall disclose the name of any County employee or relative of a County employee who owns, directly or indirectly, an interest of ten percent or more in the bidder's firm or any of its branches.
- i. **SUCCESSORS AND ASSIGNS:** The County and the successful bidder each binds itself and its successors and assigns to the other party in respect to all provisions of this Contract. Neither the County nor the successful bidder shall assign, sublet, convey or transfer its interest in this Contract without the prior written consent of the other.
- j. **INDEMNIFICATION:** Regardless of the coverage provided by any insurance, the successful bidder shall indemnify, save harmless and defend the County, its agents, servants, or employees from and against any and all claims, liability, losses and/or causes of action which may arise from any negligent act or omission of the successful bidder, its subcontractors, agents, servants or employees during the course of performing services or caused by the goods provided pursuant to these bid documents and/or resultant contract.
- k. **PUBLIC RECORDS:** Any material submitted in response to this invitation for bid is considered a public document in accordance with Section 119.07, F.S. This includes material which the responding bidder might consider to be confidential or a trade secret. Any claim of confidentiality is waived upon submission, effective after opening pursuant to Section 119.07, F.S.
- l. **INCORPORATION, PRECEDENCE, JURISDICTION:** This Invitation for Bid shall be included and incorporated in the final award. The order of contractual precedence shall be the bid document (original terms and conditions), bid response, and purchase order or term contract order. Any and all legal action necessary to enforce the award or the resultant contract shall be held in Palm Beach County and the

contractual obligations shall be interpreted according to the laws of Florida.

- m. **LEGAL EXPENSES:** The County shall not be liable to a bidder for any legal fees, court costs, or other legal expenses arising from the interpretation or enforcement of this contract, or from any other matter generated by or relating to this contract.

3. BID SUBMISSION

- a. **SUBMISSION OF RESPONSES:** All bid responses must be submitted on the provided Invitation for Bid "Response" Form. Bid responses on vendor letterhead/quotation forms shall not be accepted. Responses must be typewritten or written in ink, and must be signed in ink by an agent of the company having authority to bind the company or firm. **FAILURE TO SIGN THE BID RESPONSE FORM AT THE INDICATED PLACES SHALL BE CAUSE FOR REJECTION OF THE BID.** Bid responses are to be submitted to the Palm Beach County Purchasing Department no later than the time indicated on the solicitation preamble, and must be submitted in a sealed envelope or container bearing the bid number for proper handling.
- b. **CERTIFICATIONS, LICENSES AND PERMITS:** Unless otherwise directed in sub-paragraph d. (Local Preference) or the Special Conditions of this bid, bidder should include with its bid a copy of all applicable Certificates of Competency issued by the State of Florida or the Palm Beach County Construction Industry Licensing Board in the name of the bidder shown on the bid response page. It shall also be the responsibility of the successful bidder to submit, prior to commencement of work, a current Local Business Tax Receipt (Occupational License) for Palm Beach County and all permits required to complete this contractual service at no additional cost to Palm Beach County. A Palm Beach County Local Business Tax Receipt (Occupational License) is required unless specifically exempted by law. In lieu of a Palm Beach County Local Business Tax Receipt (Occupational License), the bidder should include the current Local Business Tax Receipt (Occupational License) issued to the bidder in the response. It is the responsibility of the successful bidder to ensure that all required certifications, licenses and permits are maintained in force and current throughout the term of the contract. Failure to meet this requirement shall be considered default of contract.
- c. **SBE BID DOCUMENT LANGUAGE**

Item 1 - Policy

It is the policy of the Board of County Commissioners of Palm Beach County, Florida, that SBE(s) have the maximum practical opportunity to participate in the competitive process of supplying goods, services and construction to the County. To that end, the Board of County Commissioners adopted a Small Business Ordinance which is codified in Sections 2-80.21 through 2-80.34 (as amended) of the Palm Beach County Code, which sets forth the County's requirements for the SBE program, and is incorporated in this solicitation. Compliance with the requirements contained in this section shall result in a bidder being deemed responsive to SBE requirements. The provisions of this Ordinance are applicable to this solicitation, and shall have precedence over the provisions of this solicitation in the event of a conflict.

Although preferences will not be extended to certified M/WBEs, unless otherwise provided by law, businesses eligible for certification as an M/WBE are encouraged to maintain their certification in order to assist in the tracking of M/WBE availability and awards of contracts to M/WBEs. This information is vital to determining whether race and gender neutral programs assist M/WBE firms or whether race and gender preferences are necessary in order to address any continued discrimination in the market.

Item 2 - SBE Goals

The County has established a minimum goal of 15% SBE participation for all County solicitations, inclusive of all alternates and change orders. This goal is a minimum, and no rounding will be accepted.

Item 3 - Ranking of Responsive Bidders

Bidders who meet the SBE goal will be deemed to be responsive to the SBE requirement.

- a. In evaluating competitive bids or quotes between \$1,000 and one million dollars (\$1,000,000) where the low bidder is non-responsive to the SBE requirement, the contract shall be awarded to the low bidder responsive to the SBE requirement as long as the bid does not exceed the low bid amount by 10%; or
 - b. In the event there are no bidders responsive to the SBE requirement, the contract shall be awarded to the bidder with the greatest SBE participation in excess of seven percent (7%) participation, as long as the bid does not exceed the low bid amount by ten percent (10%).
 - c. In evaluating bids in excess of one million dollars (\$1,000,000), the contract shall be awarded to the low bidder responsive to the SBE requirements provided that such bid does not exceed the lowest responsive bid by more than one hundred thousand dollars (\$100,000) plus three percent (3%) of the total bid in excess of one million dollars (\$1,000,000);
 - d. In the event there are no bidders responsive to the SBE goal, the contract shall be awarded to the bidder with the greatest SBE participation in excess of seven percent (7%) participation, provided that such bid does not exceed the lowest responsive bid by more than one hundred thousand dollars (\$100,000) plus three percent (3%) of the total bid in excess of one million dollars (\$1,000,000).
- b. The County may count toward its SBE goals the total value of a contract awarded to an eligible SBE firm that subsequently is decertified or whose certification has expired after a contract award date or during the performance of the contract.
 - c. The County or Prime may count toward its SBE goal a portion of the total dollar value of a contract with a joint venture, eligible under the standards for certification, equal to the percentage of the ownership and control of the SBE partner in the joint venture.
 - d. The County or Prime may count toward its SBE goal the entire expenditures for materials and equipment purchased by an SBE subcontractor, provided that the SBE subcontractor has the responsibility for the installation of the purchased materials and equipment.
 - e. The County or Prime may count the entire expenditure to an SBE manufacturer (i.e., a supplier/distributor that produces goods from raw materials or substantially alters the goods before resale).
 - f. The County or Prime may count sixty percent (60%) of its expenditure to SBE suppliers/distributors that are not manufacturers.
 - g. The County or Prime may count toward its SBE goal second and third tiered SBE subcontractors; provided that the Prime submits a completed Schedule 2 form for each SBE subcontractor.
 - h. The County or Prime may only count toward its SBE goal the goods and services in which the SBE is certified.

Item 4 - Bid Submission Documentation

SBE bidders, bidding as prime contractors, are advised that they must complete Schedule 1 listing the work to be performed by their own workforce as well as the work to be performed by any SBE or M/WBE subcontractor. Failure to include this information on Schedule 1 will result in the participation by the SBE prime bidders own workforce NOT being counted towards meeting the SBE goal. This requirement applies even if the SBE contractor intends to perform 100% of the work with their own workforce.

Bidders are required to submit with their bid the appropriate SBE-M/WBE schedules in order to be deemed responsive to the SBE requirements. SBE-M/WBE documentation to be submitted is as follows:

Schedule 1 - List of Proposed SBE and M/WBE Participation

This list shall contain the names of all SBE and M/WBE prime and subcontractors intended to be used in performance of the contract, if awarded. This schedule shall also be used if an SBE prime bidder is utilizing ANY subcontractors.

(Only Job Order Contracting (JOC) contracts and Task Authorizations for annual contracts may be excluded from this requirement.)

Schedule(s) 2 - Letter(s) of Intent to Perform as an SBE or M/WBE Subcontractor

A Schedule 2 for each SBE and/or M/WBE Subcontractor listed on Schedule 1 shall be completed and signed by the proposed SBE and/or M/WBE Subcontractor. Subcontractors shall specify the type of work to be performed, the cost or percentage shall also be specified. Additional sheets may be used as needed. In lieu of a Schedule 2, a detailed responsive proposal may be acceptable.

Item 5 - SBE Certification

Only those firms certified by Palm Beach County at the time of bid opening shall be counted toward the established SBE goals. Upon receipt of a complete application, **IT TAKES UP TO NINETY (90) DAYS TO BECOME CERTIFIED AS AN SBE WITH PALM BEACH COUNTY.** It is the responsibility of the bidder to confirm the certification of any proposed SBE; therefore, it is recommended that bidders visit the on-line Vendor Directory at www.pbcgov.org/osba to verify SBE certification.

Item 6 - Counting SBE Participation (and M/WBE Participation for Tracking Purposes)

- a. Once a firm is determined to be an eligible SBE according to the Palm Beach County certification procedures, the County or the Prime may count toward its SBE goals only that portion of the total dollar value of a contract performed by the SBE. Prior to issue, total dollar value of a contract will be determined by the PBC user department by defining factors to be considered as value. Total dollar value of retail contracts shall be determined by Gross Receipts.

- d. **LOCAL PREFERENCE ORDINANCE:** In accordance with the Palm Beach County Local Preference Ordinance, a preference will be given to (1) bidders having a permanent place of business in Palm Beach County; (2) bidders having a permanent place of business in the Glades that are able to provide the goods or services within the Glades

Item 7 - Responsibilities After Contract Award

Schedule 3 – SBE-M/WBE Activity Form

This form shall be submitted by the prime contractor with each payment application when SBE and/or M/WBE subcontractors are utilized in the performance of the contract. This form shall contain the names of all SBE and M/WBE subcontractors, specify the subcontracted dollar amount for each subcontractor and show amount drawn and payments to date issued to subcontractors. This form is intended to be utilized on all non-professional services contracts.

Schedule 4 – SBE-M/WBE Payment Certification

A schedule 4 for each SBE and/or M/WBE sub shall be completed and signed by the proposed SBE and/or M/WBE after receipt of payment from the prime. When applicable, the prime shall submit this form with each application submitted to the county for payment to document payment issued to a sub in the performance of the contract.

All bidders hereby assure that they will meet the SBE participation percentages submitted in their respective bids with the subcontractors contained on Schedules 1 and 2 and at the dollar values specified. Bidders agree to provide any additional information requested by the County to substantiate participation.

The successful bidder shall submit an SBE-M/WBE Activity Form (Schedule 3) and SBE-M/WBE Payment Certification Forms (Schedule 4) with each payment application. Failure to provide these forms may result in a delay in processing payment or disapproval of the invoice until they are submitted. The SBE-M/WBE Activity Form is to be filled out by the Prime Contractor and the SBE-M/WBE Payment Certification Forms are to be executed by the SBE or M/WBE firm to verify receipt of payment.

Item 8 - SBE Substitutions

After contract award, the successful bidder will only be permitted to replace a certified SBE subcontractor who is unwilling or unable to perform. Such substitution must be done with other certified SBE's in order to maintain the SBE percentages submitted with the bid. Requests for substitutions must be submitted to the user Department and OSBA.

- a. **Glades Local Preference:** Pursuant to the Palm Beach County Local Preference Ordinance, a 5% Glades Local Preference is given when a Glades Business offers to provide the goods or services that will be procured for use in the Glades. If the lowest responsive, responsible bidder is a local, non-local, or regional business, all bids received from responsive, responsible Glades businesses will be decreased by 5%. The original bid amount is not changed; the 5% decrease is calculated only for the purposes of determining local preference.
- b. **Local Preference:** Pursuant to the Palm Beach County Local Preference Ordinance, a 5% Local Preference is given to bidders having a permanent place of business in Palm Beach County. If the lowest responsive, responsible bidder is a non-local or regional business, all bids received from responsive, responsible local businesses will be decreased by 5%. The original bid amount is not changed; the 5% decrease is calculated only for the purposes of determining local preference.
- c. To receive either a Glades Local Preference or a Local Preference, a bidder must have a permanent place of business in existence prior to the County's issuance of this Notice of Solicitation/Invitation for Bid. A permanent place of business means that the bidder's headquarters is located in Palm Beach County or in the Glades, as applicable; or, the bidder has a permanent office or other site in Palm Beach County or in the Glades, as applicable, where the bidder will produce a substantial portion of the goods or services to be purchased. A valid Business Tax Receipt issued by the Palm Beach County Tax Collector is required, unless specifically exempted by law, and will be used to verify that the bidder had a permanent place of business prior to the issuance of this Notice of Solicitation/Invitation for Bid. Please note that in order to receive a local preference, the name and address on the Business Tax Receipt must be the same name and address that is included in the bid submitted to Palm Beach County, and that the attached "Certification of Business Location" and Business Tax Receipt must accompany the bid at the time of bid submission. Failure to submit this information will cause the bidder to not receive a local preference. Palm Beach County may require a bidder to provide additional information for clarification purposes at any time prior to the award of the contract."
- e. **DRUG FREE WORKPLACE CERTIFICATION:** In compliance with Florida Statute (Section 287.087) attached form "Drug-Free Workplace Certification" should be fully executed and submitted with bid response in order to be considered for a preference whenever two (2) or more bids which are equal with respect to price, quality, and service are received by Palm Beach County.
- f. **CONDITIONED OFFERS:** Bidders are cautioned that any condition, qualification, provision, or comment in their bid, or in other correspondence transmitted with their bid, which in any way modifies, takes exception to, or is inconsistent with the specifications, requirements, or any of the terms, conditions, or provisions of this solicitation, is sufficient cause for the rejection of their bid as non-responsive.
- g. **PRICING:**
- (1) Prices offered must be the price for new merchandise and free from defect. Unless specifically requested in the bid specifications, any bids containing modifying or escalation clauses shall be rejected.
 - (2) The price offered must be in accordance with the unit of measure provided on the bid response page(s). One (1) space or line requires only one (1) single, fixed unit price. Anything other than a single, fixed unit price shall result in the rejection of your bid.
 - (3) All unit prices bid should be within two (2) decimal points. If bidder's pricing exceeds two (2) decimal points, Purchasing reserves the right to round up or down accordingly.
 - (4) Bidder warrants by virtue of bidding that prices shall remain firm for a period of ninety (90) days from the date of bid opening to allow for evaluation and award.
 - (5) Bidder warrants by virtue of bidding that prices shall remain firm for the initial and any subsequent term unless modified by a special condition.
- (6) In the event of mathematical error(s), the unit price shall prevail and the bidder's total offer shall be corrected accordingly. **BIDS HAVING ERASURES OR CORRECTIONS MUST BE INITIALED IN INK BY THE BIDDER PRIOR TO BID OPENING. IF THE CORRECTION IS NOT PROPERLY INITIALED, OR IF THE INTENT OR LEGIBILITY OF THE CORRECTION IS NOT CLEAR, THE BID SHALL BE REJECTED.**
- (7) Bidders may offer a cash discount for prompt payment. However, such discounts shall not be considered in determining the lowest net cost for bid evaluation purposes unless otherwise specified in the special conditions. Bidders should reflect any discounts to be considered in the unit prices bid.
- h. **SUBMITTING NO BID or NO CHARGE:** Bidders not wishing to bid on some items sought by this solicitation should mark those items as "no bid." If some items are to be offered at no charge, bidders should mark those items as "no charge." Items left blank shall be considered a "no bid" for that item, and the bid shall be evaluated accordingly. Bidders who do not wish to submit bids on any item in this solicitation, should return a "Statement of No Bid" in an envelope plainly marked with the bid number and marked "NO BID."
- i. **ACCEPTANCE/REJECTION OF BIDS:** Palm Beach County reserves the right to accept or to reject any or all bids. Palm Beach County also reserves the right to (1) waive any non-substantive irregularities and technicalities; (2) reject the bid of any bidder who has previously failed in the proper performance of a contract of a similar nature, who has been suspended or debarred by another governmental entity, or who is not in a position to perform properly under this award; and (3) inspect all facilities of bidders in order to make a determination as to its ability to perform.
- Palm Beach County reserves the right to reject any offer or bid if the prices for any line items or subline items are materially unbalanced. An offer is materially unbalanced if it is mathematically unbalanced, and if there is reason to believe that the offer would not result in the lowest overall cost to the County, even though it is the lowest evaluated offer. An offer is mathematically unbalanced if it is based on prices which are significantly less than fair market price for some bid line item and significantly greater than fair market price for other bid line items. Fair market price shall be determined based on industry standards, comparable bids or offers, existing contracts, or other means of establishing a range of current prices for which the line items may be obtained in the market place. The determination of whether a particular offer or bid is materially unbalanced shall be made in writing by the Purchasing Director, citing the basis for the determination.
- j. **NON-EXCLUSIVE:** The County reserves the right to acquire some or all of these goods and services through a State of Florida contract under the provisions of Section 287.042, Florida Statutes, provided the State of Florida contract offers a lower price for the same goods and services. This reservation applies both to the initial award of this solicitation and to acquisition after a term contract may be awarded. Additionally, Palm Beach County reserves the right to award other contracts for goods and services falling within the scope of this solicitation and resultant contract when the specifications differ from this solicitation or resultant contract, or for goods and services specified in this solicitation when the scope substantially differs from this solicitation or resultant contract.
- k. **OFFER EXTENDED TO OTHER GOVERNMENTAL ENTITIES:** Palm Beach County encourages and agrees to the successful bidder extending the pricing, terms and conditions of this solicitation or resultant contract to other governmental entities at the discretion of the successful bidder.
- l. **PERFORMANCE DURING EMERGENCY:** By submitting a bid, bidder agrees and promises that, during and after a public emergency, disaster, hurricane, flood, or acts of God, Palm Beach County shall be given "first priority" for all goods and services under this contract. Bidder agrees to provide all goods and services to Palm Beach County during and after the emergency at the terms, conditions, and prices as provided in this solicitation on a "first priority" basis. Bidder shall furnish a 24-hour phone number to the County in the event of such an emergency. Failure to provide the stated priority during and after an

emergency shall constitute breach of contract and make the bidder subject to sanctions from doing further business with the County.

- m. **SALES PROMOTIONS / PRICE REDUCTIONS:** Should sales promotions occur during the term of the contract that lower the price of the procured item, the successful bidder shall extend to the County the lower price offered by the manufacturer on any such promotional item. Further, any price decreases effectuated during the contract period by reason of market change or otherwise, shall be passed on to Palm Beach County.

4. BID OPENING/AWARD OF BID

- a. **OBSERVING THE PUBLISHED BID OPENING TIME:** The published bid opening time shall be scrupulously observed. It is the sole responsibility of the bidder to ensure that their bid arrives in the Purchasing Department prior to the published bid opening time. Any bid delivered after the precise time of bid opening shall not be considered, and shall be returned to the bidder unopened if bidder identification is possible without opening. Bid responses by telephone, electronics, or facsimile shall not be accepted. Bidders shall not be allowed to modify their bids after the published bid opening time.
- b. **POSTING OF AWARD RECOMMENDATION:** Recommended awards shall be publicly posted for review, at the Purchasing Department and on the Purchasing Department website at www.pbcgov.com/purchasing prior to final approval, and shall remain posted for a period of five (5) business days. Protests must be submitted in writing, addressed to the Director of Purchasing, via hand delivery, mail or fax to 561/242-6705. Protest must identify the solicitation, specify the basis for the protest, and be received by the Purchasing Department within five (5) business days of the posting date of the recommended award. The protest is considered filed when it is received by the Purchasing Department. Failure to file protest as outlined in the Palm Beach County Purchasing Code shall constitute a waiver of proceedings under the referenced County Code.

5. CONTRACT ADMINISTRATION

- a. **DELIVERY AND ACCEPTANCE:** Deliveries of all items shall be made as soon as possible. Deliveries resulting from this bid are to be made during the normal working hours of the County. Time is of the essence and delivery dates must be met. Should the successful bidder fail to deliver on or before the stated dates, the County reserves the right to CANCEL the order or contract and make the purchase elsewhere. The successful bidder shall be responsible for making any and all claims against carriers for missing or damaged items.

Delivered items shall not be considered "accepted" until an authorized agent for Palm Beach County has, by inspection or test of such items, determined that they appear to fully comply with specifications. The Board of County Commissioners may return, at the expense of the successful bidder and for full credit, any item(s) received which fail to meet the County's specifications or performance standards.

- b. **FEDERAL AND STATE TAX:** Palm Beach County is exempt from Federal and State taxes. The authorized agent for Purchasing shall provide an exemption certificate to the successful bidder, upon request. Successful bidders are not exempted from paying sales tax to their suppliers for materials to fulfill contractual obligations with the County, nor are successful bidders authorized to use the County's Tax Exemption Number in securing such materials.
- c. **PAYMENT:** Payment shall be made by the County after commodities/services have been received, accepted and property invoiced as indicated in the contract and/or order. Invoices must bear the order number. The Florida Prompt Payment Act is applicable to this solicitation. Without changing the contract price, each invoice for payment shall be subject to the Inspector General fee of 0.25%, where

applicable, to defray costs of the Office of Inspector General in accordance with Ordinance No. 2009-049, as may be amended.

Summary Explanation/Background:

The Public Works Department's (DPW) heavy equipment, such as sanitation vehicles, street and stormwater maintenance equipment and commercial turf mowers are powered by diesel fuel. This equipment is fueled up at the DPW pump which dispenses from a large capacity, above-ground tank. Last fiscal year, the Town paid \$84,240.00 for the delivery of almost 24,000 gallons of ultra-low sulfur diesel.

Public Works recommends that for this fiscal year, the Town purchase its diesel fuel from Palmdale Oil Company, Inc. based upon its competitively bid contract that was approved by the Palm Beach County Board of County Commissioners. Palmdale Oil has agreed to deliver diesel fuel to DPW for the same terms outlined in the County's Term Contract # 150758 and its renewal Term Contract # 150758A.

Recommended Motion:

I move to award the annual diesel fuel purchases to Palmdale Oil Company, Inc. based upon the terms of Palm Beach County's Term Contract Numbers 150758 and 150758A.

Ordinance on First Reading

TAB 4

update is still accomplished by the adoption of an ordinance by the Town Commission, a public hearing is required.

In accordance with the legislation enacted by the Community Planning Act, all local governments must review and update the Five-Year Capital Improvement Schedule of their Comprehensive Plan Capital Improvements Element consistent with the requirements of Section 163.3177 and Section 163.3180, Florida Statutes. The Capital Improvements Element identifies capital projects needed to maintain, or promote, Level of Service (LOS) standards. The Schedule of Capital Improvements includes Town projects which may be funded by federal, state or local money sources.

A CIS allows for:

- A systematic evaluation of all potential projects at the same time.
- The ability to stabilize debt and consolidate projects.
- A public relations and economic development tool.
- Focus on preserving a governmental entity's infrastructure while ensuring the efficient use of public funds.
- An opportunity to foster cooperation among departments and an ability to inform other units of government of the entity's priorities. For examples, a State grant looks highly on applications for projects that are included in the CIS.

Staff is proposing the following update to the CIS:

Summary Explanation/Background: Florida State Statute number 119, better known as the “Public Records Act” states that any member of the public has a right of access. Right of access means that anyone has the right to request to inspect or receive a copy of a public record.

The Public Records Act’s legislation has changed several time causing the Town Code to become outdated. One of the significant changes made to the law was that it no longer identifies one person in a municipality as the custodian of records. What this means is that anyone who generates or has access to public records are the custodian of those records. At one time the Town Clerk was identified as the custodian of the Town records, which is no longer the case.

Staff has begun training all its employees on how to handle and process public records.

In an effort to remain current with the law, staff has reviewed the Town Code and is recommending repealing the current language in the Code regarding public records.

At the October 15, 2014, the Town Commission voted unanimously to adopt Ordinance 13-2014 on first reading.

Recommended Motion: I move to adopt Ordinance 13-2014 on second reading.

Summary Explanation/Background:

In an earlier agenda item, the Town Commission took an action to repeal the Town’s existing Code on fulfilling public records requests, because that provision of the Town Code was in conflict with current state law. The Public Records Act (Florida State Statute 119) establishes a right of access to public records. The attached Resolution will establish procedures to ensure that the public’s right of access is fulfilled under reasonable conditions, in a reasonable amount of time, and under supervision by the custodian of the record being requested.

The proposed Resolution ensures that the Town complies with the Public Records Act of the State of Florida. In addition, the procedures outlined in the attached Resolution provide a guide to staff for the easiest and quickest way to fulfill a public records request in compliance with the law.

Based upon State law dealing with the cost of fulfilling a public records request, staff is recommending that the schedule of fees for processing public records be adopted as outlined herein.

Finally, since the Commission is being asked to modify this fee schedule, we also are asking that the fees for lien searches be adjusted to reflect the current cost of providing this service.

Recommended Motion: I move to approve Resolution 4/-10-14.

RESOLUTION NO. 41-11-14

A RESOLUTION OF THE TOWN COMMISSION OF THE TOWN OF LAKE PARK, FLORIDA, AMENDING RESOLUTION 23-1998 TO REVISE THE FEE SCHEDULE PERTAINING TO PUBLIC RECORDS, REVISING THE PUBLIC RECORDS POLICY, AND AMENDING THE LIEN SEARCH FEE SCHEDULE; PROVIDING FOR SEVERABILITY; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, pursuant to Article VIII, §2 of the Florida Constitution the Town of Lake Park has the governmental, corporate and proprietary powers to conduct municipal government; and

WHEREAS, Section 119.011(12), Fla. Stat. defines public records as “all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency”; and

WHEREAS, Section 119.07 (1)(a) and (b), Fla. Stat. establishes a right of access to public records as follows:

(a) “Every person who has custody of a public record shall permit the record to be inspected and copied by any person desiring to do so, at any reasonable time, under reasonable conditions, and under the supervision of the custodian of the public record”.

(b) “A custodian of public records or a person having custody of public records may designate another officer or employee of the agency to permit the inspection and copying of public records, but must disclose the identity of the designee to the person requesting to inspect or copy public records”.

WHEREAS, Section 119.07(1)(c), Fla. Stat. provides that the “custodian of public records and his or her designee must acknowledge requests to inspect or copy records promptly and respond to such requests in good faith; and

WHEREAS, as used in the statute, a good faith response includes making reasonable efforts to determine from other officers or employees within the agency whether such a record exists and, if so, the location at which the record can be accessed,” and

WHEREAS, Section 119.07(4), Fla. Stat., provides that “the custodian of public records shall furnish a copy or a certified copy of the record upon payment of the fee prescribed by law”.

WHEREAS, the lien search process is a service provided to the community. This process uses resources from various departments and can be lengthy for staff; and

WHEREAS, the Town Commission desires to update its fee schedule so that the Town’s fees for performing such services are adequate to cover the Town’s actual costs.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COMMISSION OF THE TOWN OF LAKE PARK, FLORIDA, AS FOLLOWS:

Section 1: The whereas clauses are incorporated herein.

Section 2: Upon receipt of a public records request, the Town employee who is the custodian of the record shall permit the record to be inspected and copied by any person desiring to do so, at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public record and in accordance with 119.07(1)(d), Fla. Stat. If the custodian of the record reasonably believes that an exemption applies to all or a portion of a record which has been requested to be produced, the custodian shall redact that portion of the record to which an exemption has been asserted and produce the remainder of the record for inspection and copying.
